January 1, 2002

Vendor Information

QISV Contact Information

Federal Tax ID # 75-2416310

Contact Person: Vicki Stevens

Phone #: 214/267-8300

Fax #: 214/267-1110

Office Hours: Monday – Friday, 8:00 am to 5:00 pm

Service Hours: 24 hours a day, 7 days a week

E-Mail Address: vstevens@icsdallas.com

Product/Services Information

Class/ Items Available

725-15	Communications Systems, Integrated (includes Telephone, Clock, Intercom, etc.)
725-16	Consoles, Communications
725-23	Fiber Optics Cables, Interconnecting Components, and Accessories
725-28	High Volume, Call Answering Telephone Systems (see 725-53 for Low Volume Equipment)
725-53	Telephone Dialing and Answering Apparatus
725-54	Security Systems and Equipment, Communications
725-55	Telephone Equipment and Piece Parts (Not Lines or Otherwise Listed)
725-56	Telephone Systems (2-60 Stations). Electronic Key and Speech Impaired)
725-57	Telephone Systems (Over 60 Stations)
725-58	Telecommunicators/Display Terminal (For the Hearing and Speech Impaired)
725-59	Telecommunication Parts and Accessories (Not Otherwise Classified)
725-62	Telephone Switchboard
725-63	725-95 Recycled Communications Equipment (Including Batteries, Radios, Telephones, Telecommunication Equipment, Etc.)

Catalogue Information

Maintenance, Repair, Support Plan

ICS Telephones is concerned with you, the customer. We will do our best to meet your needs on product support and service.

ICS offers maintenance and support 24 hours a day, 7 days a week. One call to ICS' main number, 214-267-8300, will provide this service. All ICS Service Vehicles are dispatched locally with an inventory of truck stock for repair.

Service Calls may be placed at ICS' web site at www.icsdallas.com.

ICS provides this service with only factory certified technicians.

ICS has inventory for all of the systems that it services.

ICS offers maintenance, repair and support on either a time-and-material basis, or via Maintenance Agreements that cover both parts and labor. The hourly rate is \$105.00 per hour for Monday through Friday, 8:00 a.m. through 5:00 p.m. Any other time is billed at time and one-half rates, or \$157.50 per hour.

Service

Service Description	Class-item	Price
Maintenance Services	725-55 725-59	105.00

Strata DK 14

System Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	DKSU14A	DK14 Key Service Unit (KSU) With Power Supply. Equipped with 2 loop start CO line and 4 digital telephone circuits built-in. Includes external page and MOH/BGM interfaces, power failure transfer (1 line to 1 station) and miscellaneous relay control. 1 per system.	725-15 725-56 725-95	540.00
TOSHIBA	HPFB-6	Battery Back-up Module for DK14. Up to 2 per system when battery back-up is desired.	725-55 725-59 725-95	165.00
TOSHIBA	PPTC-CLID14	Caller ID Modular Connector RJ12 to DB9 (9 pin male) for DK14. Required to connect a dealer-supplied external Caller ID interface box to the RD-232 port on the WSIU. Requires a 6-wire modular cord.	725-55 725-59 725-95	19.00
TOSHIBA	QCDU2A	1 CO Line/2 Digital Telephone Interface Unit for DK14.Provides 1 CP line circuit and 2 digital telephone circuits. Maximum 2 QCDU2 per system.	725-55 725-59 725-95	71.00
TOSHIBA	QKYS1A	Automated Attendant (built in) Feature key for DK14. 1 per system for the Auto Attendant option. Installs into the QRCU3 DTMF receiver. Also required are external announcers and standard ports.	725-53 725-55 725-59 725-95	75.00

TOSHIBA	QRCU3A	3-circuit DTMF Receiver/ABR Detector for DK 14. 1 per system required for connection of DTMF standard telephones, Direct System Access (DISA) lines, and voice mail devices. Also provides busy tone detection for ABR. The QRCU3 mounts inside the KSU.	725-55 725-59 725-95	99.00
TOSHIBA	QSTU2A	2-CIRCUIT standard telephone Interface Unit for DK14. Provides 2 standard station ports. 1 port per DTMF or rotary telephone, or peripheral device such as Voice Mail, Auto Attendant, fax separate BGM Source interface, etc. 1 port per off- premises station. Mounts inside the KSU. Maximum 1 QSTU2 per system.	725-55 725-59 725-95	169.00
TOSHIBA	WSIU1A	Serial Interface Unit for DK14. Provides serial interface ports for SMDR, Connection of call accounting device, or customer-provided external modem for local/remote maintenance. WSIU also provides caller ID CO line interface.	725-55 725-59 725-95	141.00

Replacement Parts

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	QPSU8A2	Power Supply for DD14 KSU. Used for replacement or spares.	725-55 725-59 725-95	127.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-AA-DK14	Installation/Pre-determined Programming of Auto Attendant For DK14. Standard Installation procedure as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	65.00
TOSHIBA	IN-BASIC-DK14	Installation and Pre-determined Programming of DK14 Basic System. New system or addition upgrade. Standard installation procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	135.00

Strata DK40i

System Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	DK40I-ROM-R4.3	R4.3 Upgrade Kit for Strata DK40i. Use 1 kit to upgrade DK40i from R4.1 to R4.3 software. Instructions included.	725-55 725-59 725-95	94.00
TOSHIBA	DKSUBI40A	DK40i Base Cabinet with Power Supply and Battery Charger. Equipped with 8 digital telephone Circuits built-in, and no CO line circuits. Includes external page and MOH/BGM interfaces, power failure transfer (1 line to 1 station), and miscellaneous relay control. 1 per system. Order CO line equipment shown below.	725-15 725-56 725-95	731.00
TOSHIBA	DKSUE40A	DK40i, DK40, or DK16e, 4-Slot, Expansion Cabinet. Houses 4 card slots which can support A CO line, a digital or electronic station, or option card. Maximum 1 Expansion cabinet per system.	725-55 725-59 725-95	122.00
TOSHIBA	K5RCU2A	5-circuit DTMF Receiver/Busy Tone Detector for DK40i. 1 per system required for connection of DTMF standard telephones, DISA lines, and voice mail devices. Also provides busy tone detection for ABR. The K5RCU2 mounts in the Base KSU.	725-55 725-59 725-95	132.00
TOSHIBA	KCDU1A	2-CO Line/4-Digital Telephone Interface Unit for DK40i. Provides 2 CO line circuit and 4 digital telephone circuits.	725-55 725-59 725-95	155.00
TOSHIBA	KKYS1A	Auto Attendant (built-in) Feature Option Key for DK40i. 1 per system for the Auto Attendant option. Installs on the K5RCU2 in the Base KSU. Requires K5RCU2, external digital announcers and standard ports.	725-55 725-59 725-95	127.00
TOSHIBA	KKYS2A	ACD Feature Option Key for DK40i. Requires software R4.3 or higher. 1 per system for ACD option without MIS. Also includes Auto Attendant. Requires and installs into the K5RCU2 in the Base KSU.	725-55 725-59 725-95	423.00

TOSHIBA	KKYS3A	ACD/MIS Feature Option Key for DK40i. Requires software R4.3 or higher. 1 per system for MIS options. Also includes ACD and Auto Attendant. Requires/ installs into K5RCU2 in Base KSU. Requires TSIU. Same price as KKYS2 if purchased with SMIS, Insight DK, or Call Center Viewer. See note 3.	725-55 725-59 725-95	893.00
TOSHIBA	KSTU2A	4-circuit Standard Telephone Interface Unit for DK40i. Provides 4 standard telephone station ports. 1 port per DTMF or rotary phone, or peripheral device such as Voice Mail, Auto Attendant, fax, separate BGM source interface, etc. 1 port per off-premises station. Mounts in Base KSU. Max 1 KSTU2 per system.	725-55 725-59 725-95	193.00
TOSHIBA	TBSU1A	2-Circuit ISDN S/T Type Basic Rate Interface Unit Provides 2 BRI S/T (4 wire) Interfaces For network or station side ISDN connections. BRI S/T network connections require and external NT-1 device for each BRI line and 1 Ferrite Core for each BRI line connected to the TBSU.	725-55 725-59 725-95	456.00
TOSHIBA	TBUU1A	2-Circuit ISDN U Type Basic Rate Interface Unit. Req Software R4.3 or higher. Provides 2 BRI U (2iwire) interfaces that can be Used for network or station side ISDN. Requires 1 Ferrite Core fir each BRI line connected to the TBUU. Only 1 of following can be mounted in Base KSU TCOU, TDDU, TBSU, or TBUU.	725-55 725-59 725-95	494.00
TOSHIBA	TCIU2A	4-circuit Caller ID Interface Unit for DK40i. Enables 4 loop start lines on TCOU for Caller ID. Mounts piggyback onto the TCOU in the Base cabinet. Maximum 1 per system.	725-55 725-59 725-95	226.00
TOSHIBA	TCOU1A	4-circuit Loop Start line Interface Unit for DK40i.Provides 4 loop start CO/PBX/ Centrex line circuits. Mounts in the Base KSU. Maximum 1 per system. Only 1 of the following can be mounted in the Base KSU: TCOU, TDDU, TBUU, or a TBSU.	725-55 725-59 725-95	160.00
TOSHIBA	TDDU1A	4-circuit DID Line Interface Unit for DK40i. Provides 4 DID line circuits. Mounts in the Base cabinet. Maximum 1 per system. Only 1 of the following can be mounted in the Base KSU:TCOU, TDDU, TBUU, or a TBSU.	725-55 725-59 725-95	461.00

TOSHIBA	TSIU1A	Serial Interface Unit (2 ports) for DK40i. Provides 2 serial ports for connection of SMDR and remote maintenance. Mounts in the Base KSU. Maximum 1 per system.	725-55 725-59 725-95	188.00
----------------	---------------	---	----------------------------	--------

Replacement Parts

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	TPSU16A	Power Supply for Strata DK40i Base KSU. Used for replacement or spares for DK40i, DK40, and DK16e.	725-55 725-59 725-95	268.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-4.3UPG-DK40i	Installation of Release 4.3 Upgrade for DK40i. Standard installation procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	150.00
TOSHIBA	IN-AA-DK40i	Installation/Pre-determined Programming of Auto Attendant for DK40i. Standard installation procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	130.00
TOSHIBA	IN-ACD-PROG40i	Installation/Pre-Determined Programming of ACD for DK40i. Standard installation procedures as described in the Strata DK ACD Installation Manual.	725-55 725-59	130.00
TOSHIBA	IN-BASIC-DK40i	Installation and Predetermined Programming of ACD for DK40i. Standard installation procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	240.00
TOSHIBA	IN-PRI-DK40i	Installation/Programming of RPTU2A PRI Interface in DK40i. Standard installation procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	800.00
TOSHIBA	IN-T1-40i	Installation/Programming of RDTU2 T1 Interface in DK40i. Standard installation procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	700.00

1	NOTE	Please refer to the Strata Common Parts section for components used in DK40i expansion cabinet.		

Strata CTX100

Package Pricing

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CTX100-0x8PKG	CTX100 0x8 Pkg. (Base Cab., ACTU and BDKU cards)Package includes ACTU1A processor, base cabinet, power supply, 32-port CO line/station license, and 1 BDKU1A card.	725-15 725-28 725-53 725-56 725-57	764.00
TOSHIBA	CTX100-ECONOPAC	CTX100 4x8 Pkg. (Base cab., ACTU, ADKU and RCOU cards) Package includes ACTU1A processor, base cabinet, power supply, 32 port CO Line/ station license, 1 RCOU1A, and 1 ADKU1A card.	725-15 725-28 725-53 725-56 725-57	891.00
TOSHIBA	CTX100-ECONOTWO	CTX100 8x16 Pkg. (Base cab. ACTU, 2 ADKU, RCOU, and RCOS cards) Package includes ACTU1A processor, base cabinet, power supply, 32-port CO line/station license, 1 RCOU1A, 1 RCOS1A, and 2 ADKU1A cards.	725-15 725-28 725-53 725-56 725-57	1,262.00

System Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	ABCS1A	Battery Charger Subassembly for CTX100.1 per cabinet required to trickle charge reserve batteries for battery back up.	725-55 725-59	80.00
TOSHIBA	ABTC1A-3M	Reserve Power Cable- CTX100 Cabinet Power to Battery Terminals. 1 per cabinet to connect power supply battery charger to customer-supplied reserve batteries.	725-55 725-59	24.00
TOSHIBA	ADKU1A	8-circuit Digital Station Interface Unit for CTX100.Provides 8 digital station ports on CTX100.	725-55 725-59	249.00
TOSHIBA	AETS1A	Network Interface Card Subassembly for CTX100.Provides a 10base-T Ethernet LAN Connection to CTX100. Mounts on the ACTU1A Processor.	725-55 725-59	89.00
TOSHIBA	AMDS1A	Remote Maintenance 36.6 kbps Modem Subassembly for CTX100.1 per system to provide a 36.6 KBPS modem. Mounts on the ACTU1A Processor.	725-55 725-59	141.00

TOSHIBA	ARCS1A	4-circuit DTMF Receiver Subassembly for CTX100.1 per processor PCB for connection of DTMF standard telephones, DISA Lines, DTMF DID lines, Tie lines, Voice Mail devices, or built-in Auto Attendant Mounts on the ACTU1A processor.	725-55 725-59	132.00
TOSHIBA	CHSUE112A	CTX100 Expansion Cabinet with Power Supply. Maximum 1 per CTX100 system.	725-55 725-59	545.00

Software Licensing

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	LIC100-4 DTMF	4-port DTMF Receiver License for CTX100 Ports 5 and above. Required for activation of 4 DTMF Receiver ports number 5 and above on CTX100 system. Maximum 16 DTMF receiver ports per system.	725-55 725-59	132.00
TOSHIBA	LIC100-4 PORTS	4-port CO Line/Station License for CTX100. Required for every 4 ports used for CO lines or stations beyond the 32 ports bundled with the CTX100 processor.	725-55 725-59	71.00
TOSHIBA	LIC100-QSIG NET	CTX100 StrataNet QSIG Net Working Application License. One per CTX100 node required to Network multiple CTX systems using StrataNet QSIG networking.	725-55 725-59	940.00
TOSHIBA	LIC100-SER PORT	CTX100 Serial Port License- Required for BSIS port 2. Required to activate serial port 2 in Strata CTX100 (license for serial Port 1 included with BSIS).	725-55 725-59	66.00

Replacement Parts

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	ACTU1A	CTX100 System Common Control Processor Unit for replacement or spares. 1 per system.	725-55 725-59	526.00
TOSHIBA	APSU112A	Power Supply for CTX100 Base or Expansion Cabinet. Used for replacement or spares.	725-55 725-59	174.00
TOSHIBA	CHSUB112A	CTX100 Base Cabinet with Power Supply. For replacement or spares. 1 per system. Requires ACTU1A Processor.	725-55 725-59	479.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-100 EXP-CAB	Installation of CTX100 Expansion Cabinet. New system or addition upgrade. Standard installation procedures as Described in the Strata CTX Installation and maintenance manual.	725-55 725-59	75.00
TOSHIBA	IN-BASIC-CTX100	Installation and Pre-determined Programming of CTX100 Base Package System New system or addition upgrade. Standard installation procedures as described in the Strata CTX Installation and maintenance manual.	725-55 725-59	250.00
TOSHIBA	IN-LIC100-QSIG	Installation/Programming of QSIG Networking in a Strata CTX100 network node. One per network node location. Standard installation procedures as described in the Strata CTX Installation and Maintenance Manual.	725-55 725-59	875.00
TOSHIBA	IN-PRI-CTX100	Installation/Programming of RPTU1A PRI Interface in CTX100. Standard installation procedures as described in the Strata CTX installation and Maintenance Manual.	725-55 725-59	800.00
TOSHIBA	IN-T1-CTX100	Installation/Programming of RDTU2A T1 Interface in CTX100. Standard installation procedures as described in the Strata CTX Installation and Maintenance Manual.	725-55 725-59	800.00

Notes

Manufacturer	Part Number	Description	Class-item	Price
1	NOTE			Please refer to Strata Common Parts section for additional components used in the CTX100 base and expansion cabinet.

Strata CTX670

Package Pricing

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CTX670-BASEPKG	CTX670 Base Package Package Includes BBCU/BECU Processor, base cabinet, power supply, and 64-port CO line/station license.	725-15 725-28 725-53 725-56 725-57	1999.00

System Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	B50MT1A	Meta Mesh Shielding Kit. 1 for each Remote Cabinet stack when CHSUE672 is used.	725-55 725-59	28.00
TOSHIBA	BACL240A	208/240VAC. Power Cord. Required to connect Power Supply to 208 or 240VAC power	725-55 725-59	33.00
TOSHIBA	BBDB1A	Battery Distribution Box. 1 per system required when 3 to 7 Cabinets are connected to reserve Batteries. Includes seven Power Supply to BBDB cables (5ft.)	725-55 725-59	357.00
TOSHIBA	BBMS1A	Expansion Memory Module for CTX670 processor unit. One per CTX670 system required to Support over 192 ports or more than two cabinets. Requires BEXS1A. Mounts on BBCU processor card.	725-55 725-59	557.00
TOSHIBA	BBTC1A-2.0M	Reserve Power Cable (BBDB to Battery Terminal – 6.5ft). See BBDB. Need 1 cable for 1-4 cabinets, and 2 cables for 5-7 cabinets to connect BBDB to reserve batteries.	725-55 725-59	85.00
TOSHIBA	BCCB120A	120VAC Conduit Connection Box. Required for AC and battery connection when 3 to 5 cabinets are floor mounted. Not required for wall mounting.	725-55 725-59	367.00
TOSHIBA	BCCB240A	240VAC Conduit Connection Box. Required for AC and battery connection when 3 to 5 cabinets are floor mounted. Not required for wall mounting.	725-55 725-59	348.00
TOSHIBA	BCTC1A	Remote Cabinet top cover. As desired for CTX670/DK424i Remote Expansion Cabinets.	725-55 725-59	61.00
TOSHIBA	BDCL1A-M2	Remote Cabinet Data Cable M2. Connects M2 connector of an RRCU to Data Highway Connector.	725-55 725-59	85.00
TOSHIBA	BDCL1A-MS1	Remote Cabinet Data Cable M1/S1 Connects M1 or S1connector an RRCU to Data Highway Connector.	725-55 725-59	75.00
TOSHIBA	BDCL1A-S2	Remote Cabinet Data Cable S2. Connects S2 connector an RRCU to Data Highway Connector.	725-55 725-59	75.00

TOSHIBA	BEXS1A	Expansion Switching Module for CTX670 processor unit. 1 per CTX670 system required to support over 192 ports or more than 2 cabinets. Requires BBMS1A. Mounts on BECU processor card.	725-55 725-59	651.00
TOSHIBA	BFIF1A	Floor Mount Fixture Kit. 1 per system required when floor mounted. Includes 3 pairs of wall securing brackets for safety.	725-55 725-59	94.00
TOSHIBA	BPSB240A	3-outlet 240VAC Power Strip Box (208 or 240VAC Cord).1 required with 2 or 3 Base/ Expansion Cabinets. 2 required with 4 or 5 Cabinet system.	725-55 725-59	160.00
TOSHIBA	CHSUB672/PS	CTX670/DK424i Expansion Cabinet with Power Supply and Battery Charger. 1 per system. CTX670 requires BECU/BBCU processor. DK424i Requires either B1CU, B2CAU/B2CBU, 1 of the B3CAU/B3CBU processor packages, or 1 of the B5CAU/B5CBU processor packages.	725-55 725-59	697.00
TOSHIBA	CHSUE672/PS	CTX670/DK424i Expansion Cabinet with Power Supply and Battery Charger. Max 6 per CTX670 system. If 2or more expansion cabinets are needed, BEXS and BBMS processor expansion modules are required. Maximum 1 per DK424i B2CAU/B2CBU system, 1 or 2 B3CAU/B3CBU system, 1 to 4 per B5CAU/B5CBU system.	725-55 725-59	714.00
TOSHIBA	DPFT-102	8-Circuit Power Failure Transfer Unit. 1 per 8 CO lines (switched to customer supplied standard telephones if AC power fails). 1 RSTU or RDSU required for each DPFT.	725-55 725-59	150.00
TOSHIBA	PBTC-3M	Reserve Power Cable- Cabinet Power to Battery Terminals 9ft. 1 per cabinet (max 2) to connect power supply battery charger to customer supplied reserve batteries. 3 and more cabinet configurations require the BBTC1A-2.0M cable.	725-55 725-59	33.00
TOSHIBA	RDCC1A	Remote Cabinet Daisy Chain Cable. 1 required at the intermediate site of a Daisy chain configuration to connect the S2 data cable from one RRCU to the M1 of the other.	725-55 725-59	118.00

TOSHIBA	RPSB2A	3-Outlet AC Power Strip Box(Standard 120VAC Cord).1 required with 2 or 3 Base Expansion Cabinets when one 120 VAC power cord from system is allowed. 1 req. with 3 or 4 Base/Exp. Cabinets when 2 120 VAC power cords are allowed. 2 required with 5 base/Exp. Cabinets when 2 120 VAC power cords are allowed.	725-55 725-59	85.00
TOSHIBA	RRCU1A	Remote Cabinet Interface Unit. 1 required in the master location and 1 in the slave location for each remote sites. 1 pair supports up to 2 Expansion Cabinets at the remote location.	725-55 725-59	1,391.00
TOSHIBA	RWBF1A	Wall Brackets (1 pair). Used with floor mounting to secure Cabinets to wall. 3 pairs included BFIF for up to 6 cabinets.	725-55 725-59	11.00

Software Licensing

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	LIC670-4 DTMF	4- port DTMF Receiver License for CTX 670 Ports 5 and above. Required for activation of 4 DTMF receiver ports number 5 and above on CTX670 system. Maximum 32 DTMF receiver ports per system.	725-55 725-59	136.00
TOSHIBA	LIC670-4 PORTS	4-port CO Line/Station License for CTX670. Required for every 4 ports used for CO lines or stations beyond the 64 Bundled with the CTX670 processor.	725-55 725-59	71.00
TOSHIBA	LIC670-QSIG NET	CTX670 StrataNet QSIG Networking Application License.1 per CTX670 required to network multiple CTX systems using StrataNet QSIG networking features.	725-55 725-59	1,880.00
TOSHIBA	LIC670-SER PORT	CTX670 Serial Port License- Required for BSIS port 2. Required to activate serial port 2 in Strata CTX670 (license for serial port 1 (Included with BSIS).	725-55 725-59	132.00

Replacement Parts

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	BBCU1A	CTX670 Common Control Processor Main Unit. Used for spares or replacement. Requires BECU1A. Includes 64-port CO line/station license.	725-55 725-59	1,027.00
TOSHIBA	BECU1A	CTX670 Common Control Processor Main Unit. Used for spares or replacement. Requires BBCU1A.	725-55 725-59	717.00

TOSHIBA	BPSU672A	Power Supply for CTX670/DK424i Base or Expansion Cabinet. Used for replacement or spares.	725-55 725-59	329.00
TOSHIBA	CHSUB672A	CTX670/DK424i Base Cabinet without Power Supply. Used for replacement or spares.	725-55 725-59	451.00
TOSHIBA	CHSUE672A	CTX670/DK424i Expansion Cabinet without Power Supply. Used for replacement or spares.	725-55 725-59	555.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	BBCU1A	CTX670 Common Control Processor Main Unit. Used for spares or replacement Requires BECU1A. Includes 64-port CO line/station license.	725-55 725-59	1,027.00
TOSHIBA	BECU1A	CTX670 Common Control Processor Sub Unit. Used for spares or replacements. Requires BBCU1A.	725-55 725-59	717.00
TOSHIBA	BPSU672A	Power Supply for CTX670/DK454i Base or Expansion Cabinet. Used for replacements or spares.	725-55 725-59	329.00
TOSHIBA	CHSUB672A	CTX670/DK424i Base Cabinet without Power Supply. Used for replacements or spares.	725-55 725-59	451.00
TOSHIBA	CHSUE672A	CTX670/DK424i Expansion Cabinet without Power Supply. Used for replacements or spares.	725-55 725-59	555.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-670 EXP-CAB	Installation of CTX670 Expansion Cabinet. New system or addition upgrade. For an Expansion Cabinet connected Directly to the Base Cabinet in the same Location. Standard installation procedures as described in the Strata CTX Installation and Maintenance Manual.	725-55 725-59	90.00
TOSHIBA	IN-BASIC-CTX670	Installation and Predetermined Programming of CTX670 Base Package System. New system or addition upgrade. Standard installation procedures as described in the Strata CTX Installation and Maintenance Manual.	725-55 725-59	270.00

TOSHIBA	IN-BBMS1A	Installation/Programming of Expansion Memory Module For CTX670 processor. New system or addition upgrade. Standard installation procedures as described in the Strata CTX670 Installation and Maintenance Manual.	725-55 725-59	75.00
TOSHIBA	IN-BEXS1A	Installation/Programming of Expansion Switching Module For CTX670 Processor. New system or addition upgrade. Standard installation procedures as described in the Strata CTX Installation and Maintenance Manual.	725-55 725-59	75.00
TOSHIBA	IN-LIC670-QSIG	Installation/Programming of QSIG Networking in a Strata CTX670 network node. One per network node location. Standard installation procedures as Described in the Strata CTX Installation and Maintenance Manual.	725-55 725-59	975.00
TOSHIBA	IN-PRI CTX670	Installation/Programming of RPTU2A PRI Interface in CTX670. Standard Installation Procedures as described in the Strata CTX Installation and Maintenance Manual.	725-55 725-59	1,000.00
TOSHIBA	IN-REXP CAB-670	Installation/Programming of the CTX670 Remote Expansion Cabinet. New system or addition upgrade. For Exp. Cab. Remotely connected to Base Cab. In location on Contiguous property with no restrictions. An additional installation charge will be negotiated for installs that do not conform to this standard.	725-55 725-59	140.00
TOSHIBA	IN-T1-CTX670	Installation/Programming of RDTU T1 Interface in CTX670. Standard installation Procedures as described in the Strata CTX Installation and Maintenance Manual.	725-55 725-59	900.00

Strata DK424i

Ordering Information

Manufacturer	Part Number	Description	Class-item	Price
1	NOTE	NDTU CABLE must be ordered with RDTU. The cable is not included with the RDTU.		
2	NOTE	B2CAU should be ordered with B2BCU. Both are required and function as one processor.		
3	NOTE	B3CAU should be ordered with B3CBU. Both are required and function as one processor.		

4	NOTE	B5CAU should be ordered with B5CBU. Both are required and function as one processor.
5	NOTE	RKYS3 is the same price as RKYS2 when purchased with SMIS, Insight, or Call Center Viewer.
6	NOTE	Strata DK424i Documentation Packages are sent with processors, not with Base Cabinets.

Package Pricing

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	B1-PKG	DK424i Small System Package. Package includes B1CU processor, Base Cabinet, and power supply.	725-55 725-59 725-95	1,327.00
TOSHIBA	B2-PKG	DK424i Medium System Package Package includes B2CAU/B2CBU Processor, Base Cabinet, and power Supply.	725-55 725-59 725-95	2,169.00
TOSHIBA	B3-PIOU-PKG	DK424i Large System Package with Zone Paging. Package includes B3CAU/ B3CBU Processor, Base Cabinet, power supply, IMDU and PIOUS.	725-55 725-59 725-95	4,572.00
TOSHIBA	B3-PIOUS-PKG	DK424i Large System Package with Paging. Package includes B3CAU/B3CBU processor, Base Cabinet, power supply, IMDU and PIOUS.	725-55 725-59 725-95	4,426.00
TOSHIBA	B3-RSIU-PKG	DK424i Large System Package. Package includes B3CAU/B3CBU processor, Base Cabinet, power supply, RMDS and RSIU.	725-55 725-59 725-95	4,215.00
TOSHIBA	B5-PIOU-PKG	DK424i Maximum System Package with Zone Paging. Package includes B5CAU/B5CBU processor, Base Cabinet, power supply, IMDU and PIOUS.	725-55 725-59 725-95	8,573.00
TOSHIBA	B5-PIOUS-PKG	DK 424i Maximum System Package with Paging. Package include B5CAU/B5CBU processor Base Cabinet, power supply, IMDU and PIOUS.	725-55 725-59 725-95	8,427.00
TOSHIBA	B5-RSIU-PKG	DK 424i Maximum System Package. Package includes B5CAU/B5CBU processor, Base Cabinet, power supply, RMDS and RSIU.	725-55 725-59 725-95	8,216.00

System Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	BRCS1A-12	12-circuit DTMF Receiver Subassembly. 1 per processor PCB for connection of DTMF standard telephones, DISA Lines, DTMF DID lines, Tie lines, Voice Mail devices, or built-in Auto Attendant, Mounts on DK424i processor PCB.	725-55 725-59 725-95	592.00
TOSHIBA	BRCS1A-4	4-circuit DTMF Receiver Subassembly. 1 per processor PCB for connection of DTMF standard telephones, DISA Lines, DTMF DID lines, Tie lines, Voice Mail devices, or built-in Auto Attendant. Mounts on DK424i processor PCB.	725-55 725-59 725-95	273.00
TOSHIBA	BRCS1A-8	8-circuit DTMF Receiver Subassembly. 1 per processor PCB for connection of DTMF standard telephones, DISA Lined, DTMF DID lines, Tie lines, Voice Mail devices, or built-in Auto Attendant. Mounts on DK424i processor PCB.	725-55 725-59 725-95	475.00
TOSHIBA	PEPU2A	External Paging Interface Unit. 1 per DK424i system to provide 3-watt External page amplifier and relay control. Not required if PIOU is installed.	725-55 725-59 725-95	197.00
TOSHIBA	RATU1A	4-circuit DK424i Attendant Console Interface Unit. 1 per 4 Attendant Consoles.	725-55 725-59 725-95	550.00
TOSHIBA	RKYS1A	Auto Attendant (built in) Feature Option Key for DK424i. 1 per system for use of Auto Attendant option. Attaches to processor PCB. Requires BRCS, external digital announcer(s),and Standard port(s).	725-55 725-59 725-95	169.00
TOSHIBA	RKYSK2A	ACD Feature Option Key for DK424i. 1 per system for use of ACD option without MIS. Also includes Auto Attendant. Attaches to processor PCB. Requires BRCS, external digital announcers (s), and standard port(s).	725-55 725-59 725-95	940.00
TOSHIBA	RKYS3A	ACD/MIS Feature option Key for DK424i. 1 per system for use of MIS option. Also includes ACD and Auto Attendant. Attaches to processor PCB. Requires PIOU, PIOUS,RSSU, or RSIU for interface. Same Price as RKYS2 if purchased with SMIS, Insight products, or Call Center Viewer. See Note 2.	725-55 725-59 725-95	1,880.00

TOSHIBA	RMDS1A	Remote Maintenance 2,400 bps Modern Subassembly (mounts on RSIU). 1 per system to provide a 1,200/2,400 BPS modem. Mounts piggyback onto the RSIU.	725-55 725-59 725-95	141.00
TOSHIBA	RSIS1A	Serial Interface Subassembly Unit (mounts on RSIU) for DK424i.1 per additional RS-232 port. Maximum of 3 can fit onto the RSIU.	725-55 725-59 725-95	94.00
TOSHIBA	RSIU1A	Serial Interface Unit (expandable) for DK424i.1 per system provides 1 to 4 RS-232 serial ports for SMDI,MIS, SMDR call acct. PC, DKI Admin/DKI Backup PC or maint. Terminal, ext. modem, or CTI PC. RSIU std. With 1 RS-232 port. Accepts up to 3 RSIS subassemblies, or 2 RSIS and 1 RMDS modern subassembly.	725-55 725-59 725-95	263.00

Processors

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	B1CU1A	DK424i R4 Small System Common Control Unit. 1 per system. Does not support Expansion Cabinets or Attendant Console.	725-55 725-59 725-95	813.00
TOSHIBA	B2CAU1A	DK424i R4 Medium System Common Control Main Unit.1 per system. Supports Base Cabinet and 6 slot of 1 Expansion Cabinet. Requires B2CBU.	725-55 725-59 725-95	1,012.00
TOSHIBA	B2BCU1A	DK424i R4 Medium System Common Control Sub. Unit. 1 per B2CAU required.	725-55 725-59 725-95	682.00
TOSHIBA	CCPKG-B3-PIOU	DK424i R4 Large System Common Control Unit Package with Zone Paging. 1 per system. Supports Base Cabinet, 1 to 2 Expansion Cabinets, remote maintenance, and Zone Paging. Includes B3CAU, B3CBU, PIOU and IMDU.	725-55 725-59 725-95	4,129.00
TOSHIBA	CCPKG-B3-PIOUS	DK424i R4 Large System Common Control Unit Package with Paging. 1 per system. Supports Base Cabinet, 1 to 2 Expansion Cabinets, remote maintenance, and Paging. Includes B3CAU, B3CBU, PIOU and IMDU.	725-55 725-59 725-95	3,983.00

TOSHIBA	CCPKG-B3-RSIU	DK424i R4 Large System Common Control Unit Package. 1 per system. Supports Base Cabinet, 1 to 2 Expansion Cabinets, remote maintenance. Includes B3CAU, B3CBU, PIOU and IMDU.	725-55 725-59 725-95	3,772.00
TOSHIBA	CCPKG-B5-PIOU	DK424i R4 Maximum System Common Control Unit with Zone Paging. 1 per system. Supports Base Cabinet, 1 to 4 Expansion Cabinets, remote maintenance, and Zone Paging. Includes B5CAU, B5CBU, PIOU, and IMDU.	725-55 725-59 725-95	8,257.00
TOSHIBA	CCPKG-B5-PIOUS	DK424i R4 Maximum System Common Control Unit with Paging. 1 per system. Supports Base Cabinet, 1 to 4 Expansion Cabinets, remote maintenance, and Paging. Includes B5CAU, B5CBU, PIOU, and IMDU.	725-55 725-59 725-95	8,111.00
TOSHIBA	CCPKG-B5-RSIU	DK424i R4 Maximum System Common Control Unit Package. 1 per system. Supports Base Cabinet, 1 to 4 Expansion Cabinets, remote maintenance. Includes B5CAU, B5CBU, PIOU, and IMDU.	725-55 725-59 725-95	7,900.00

Replacement Parts

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	B3CAU1A	DK424i R4 Large System Common Control Main Unit. Used for spares or Replacement Supports Base Cabinet, 1 or 2 Expansion Cabinets. Requires B3CBU.	725-55 725-59 725-95	2,315.00
TOSHIBA	B3CBU1A	DK424i R4 Large System Common Control Sub. Unit. Used for spares or replacement. 1 per. Requires B3CAU.	725-55 725-59 725-95	1,427.00
TOSHIBA	B5CAU1A	DK424i R4 Maximum System Common Control Main Unit. Used for spares or replacement. Supports Base Cabinet, 1 or 4 Expansion Cabinets. Requires B5CBU.	725-55 725-59 725-95	3,078.00
TOSHIBA	B5CBU1A	DK424i R4 Maximum System Common Control Sub. Unit. Used for spares or replacement. 1 per. Requires B5CAU.	725-55 725-59 725-95	4,822.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-424i EXP-CAB	Installation of DK424i Expansion Cabinet. New System or addition upgrade. For an Expansion Cabinet connected directly to the Base Cabinet in the same location. Standard Installation procedures as described in the Strata DK Installation and Maintenance manual.	725-55 725-59	90.00
TOSHIBA	IN-AA-DK424i	Installation/Pre-determined Programming of Auto Attendant for DK424i. Standard Installation procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	130.00
TOSHIBA	IN-ACD-PROG424i	Installation/Pre-determined Programming of ACD for DK424i. Standard Installation procedures as described in the Strata DK ACD Installation Manual.	725-55 725-59	130.00
TOSHIBA	IN-BASIC-DK424i	Installation/Pre-determined Programming of DK424i Basic System. New System or addition upgrade. Standard Installation procedures As described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	270.00
TOSHIBA	IN-PRI-DK424i	Installation/Programming of RPTU2A PRI Interface in DK424i. Standard Installation Procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	1,000.00
TOSHIBA	IN-REXP-CAB-424i	Installation/Programming of the DK424i Remote Expansion Cabinet. New system or addition upgrade. For Exp. Cab. Remotely connected to Base Cab. in location on contiguous property with no restrictions. An additional installation charge will be negotiated for installs that do not conform to this standard.	725-55 725-59	140.00
TOSHIBA	IN-T1-424i	Installation/Programming of RDTU1 T1 interface in DK424i. Standard Installation procedures as described in the Strata DK Installation and Maintenance Manual.	725-55 725-59	900.00

Strata Common Parts (common to multiple models)**CTX100 & CTX670 Common Parts**

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	BDKS1A	8-circuit Digital Station Interface Subassembly. Provides 8 additional digital station ports. Mounts on BDKU1A.	725-55 725-59	334.00

TOSHIBA	BIOU1A	Option Paging, Relay Control and MOH Interface Unit. Provides four zone paging, three MOH inputs with volume control, four control relays, Background Music (BGM) mute, and a 600 ohm or 3-watt amplifier page output. Maximum 2 BIOU per CTX670 system.	725-55 725-59	329.00
TOSHIBA	BSIS1A	Serial Interface 4-port Subassembly with 1 Serial Port License. Provides two RS-232 serial ports with modular jacks. Required for SMDR or SMDI. Mounts on ACTU or BECU Processor card. Includes 1 serial port License. Additional serial port license. Required to activate serial port 2.	725-55 725-59	207.00

CTX100, CTX670, DK40i Common Parts

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	BDKU1A	8-circuit Digital Station Interface Unit. Provides 8 digital station ports for connection of 3000-series or 2000-Series DKTs, DSS Console, DDCB, or CTX Attendant Console. Has connectors for an 8-circuit subassembly (BDKS1A) for use with Strata CTX.	725-55 725-59	343.00
TOSHIBA	FER-CORE-ISDN	Ferrite Core for ISDN Circuit Cards. 1 required for each TBSU, TBUU, RBSU, or RBUU.	725-55 725-59	9.00
TOSHIBA	NDTU CABLE	T1 Interface Cable for RDTU2. 1 for each RDTU.	725-55 725-59	71.00
TOSHIBA	R40S1A	Local ISDN PS1 Power Supply. Provides local power for 1 ISDN device.	725-55 725-59	179.00
TOSHIBA	R48S1A	48Volt Subassembly- Mounts on RSTU2 or RDSU. 1 per RSTU or RDSU. Required for Use of OL13C OPS lines (instead of OL12B).	725-55 725-59	61.00
TOSHIBA	RBSS1A	2-circuit ISDN S/T-type Basic Rate Interface Subassembly. Attaches to the RBSU to provide 2 additional BRI S/T interfaces that can be used for station side ISDN connections only. Requires R4.1 or higher and 1 Ferrite Core for each BRI line connected to the RBSS.	725-55 725-59	263.00

TOSHIBA	RBSU1A	2-circuit ISDN S/T-type Basic Rate Interface Subassembly. Provides 2 BRI S/T (4-wire) Interfaces for network or station side ISDN. Accepts RBSS 2-port subassembly. BRI S/T Network connections require external NT-1 for each BRI line. Requires R4.1 or higher and 2 Ferrite Core for each BRI line connected to RBSU.	725-55 725-59	475.00
TOSHIBA	RBUS1A	2-circuit ISDN U-type Basic Rate Interface Unit. Attaches to the RBUU to provide 2 additional BRI U Interfaces that can be used for station-side ISDN connections only. Requires R4.3 or higher and 1 Ferrite Core for each BRI line connected to the RBUS.	725-55 725-59	291.00
TOSHIBA	RBUU1A	2-circuit ISDN U-type Basic Rate Interface Unit. Provides 2 BRI U (2 wire) interfaces that can be used network or station side ISDN connections. The RBUU has connectors for a 2 port add on subassembly. Requires Rel 4.3 or higher and 1 Ferrite Core for each BRI line connected to RBUU.	725-55 725-59	517.00
TOSHIBA	RCIS1A	4-circuit Caller ID Interface Subassembly (mounts on RCIU2). 1 per RCIU2. The RCIS installs piggy back onto the RCIU2 to provide an additional 4 Caller ID circuits, totaling 8 per slot.	725-55 725-59	188.00
TOSHIBA	RCIU2A	4-Circuit caller ID Interface Unit (8 with RCIS). 1 RCIU2 for each 4 loop start lines on RCOU/RCOS or each 4 ground/loop start lines on RGLU to provide Caller ID. The RCIU2 accepts the RCIS subassembly.	725-55 725-59	273.00
TOSHIBA	RCMS1A	2-circuit E911 CAMA Interface Subassembly (mounts RMCU). Attaches to the RMCU to provide 2 CAMA trunk circuits. Maximum 2 RCMS subassemblies per RMCU card. Requires R4.3 or higher software.	725-55 725-59	268.00
TOSHIBA	RCOS1A	4-Circuit Loop Start CO Line Subassembly (mounts on RCOU). 1 per RCOU. The RCOS attaches to Subassembly (mounts on RCOU). the RCOU to provide 4 additional loop start CO/PBX/Centrex line circuits.	725-55 725-59	214.00
TOSHIBA	RCOU1A	4-circuit Loop Start CO Line Interface Unit (8 with RCOS).Provides 4 CO/PBX/Centrex loop start line circuits. Accepts RCOS subassembly.	725-55 725-59	249.00
TOSHIBA	RDDU1A	4-circuit Direct Inward Dialing Interface Unit. 1 for each 4 DID line circuits. Requires K5RCU2 in DK40i and BRCS in DK424i for DTMF operation. Primary protectors required. See general Description for maximums. No ABR available.	725-55 725-59	461.00

TOSHIBA	RDSU1A	Digital/Standard Telephone Interface Unit. 1 per 4 digital station ports plus 2 standard station ports.	725-55 725-59	376.00
TOSHIBA	RDTU2A	T1/DS-1 Interface Unit. Provides 24 channels for T1 Service on CTX670 or DK424i and 12-channels DK40i (requires R4.3). Network Connection requires an external CSU. Each RDTU requires 1 NDTU cable.	725-55 725-59	1,175.00
TOSHIBA	REMU1A	4-circuit Tie Line Interface Unit.1 for each 4 E & M Tie line circuits (type 1 or 2, 2 wire or 4 wire). Requires K5RCU2 on DK40i and BRCS on DK424i for DTMF operation. Primary protectors required.	725-55 725-59	667.00
TOSHIBA	RGLU2A	4-circuit Ground/Loop Start CO Line Interface Unit. 1 for each 4 ground start/loop start CO lines. Type of lines can be mixed.	725-55 725-59	385.00
TOSHIBA	RMCU1A	Enhanced 911 CAMA Trunk Interface Unit (requires 1 or 2 RCMS). Requires 1 or 2RMCS subassemblies to provide 2 or 4 CAMA trunk circuits. Requires R4.3 or higher software.	725-55 725-59	282.00
TOSHIBA	RPRI-CBL-KIT	ISDN PRI Cable Kit with Ferrite Core. 1 required for each RPTU.	725-55 725-59	71.00
TOSHIBA	RPTU2A	ISDN Primary Rate Interface Unit. Provides 23 channels for ISDN PRI service on CTX670, CTX100, or DK424i, and 12 channels for DK40i (requires R4.3).StrataNet CTX network connection using RPTU2A PRI interface requires and external CSU. Requires RPRI-CBL-Kit.	725-55 725-59	1,551.00
TOSHIBA	RSTS1A	2-circuit Standard Telephone Interface Subassembly Mounts on RDSU. 1 per RDSU. The RSTS attaches to the RDSU to provide 2 additional Standard station ports.	725-55 725-59	169.00
TOSHIBA	RSTU3A	8-circuit Standard Telephone Interface Unit with Message Waiting. Provides 8 standard telephone station ports. 1 port per DTMF or Rotary telephone, or peripheral device such as Voice Mail, Auto attendant, fax, etc. 1 port per off premises station. Type OL13B line.	725-55 725-59	559.00
TOSHIBA	RUDTU2	Firmware Upgrade Kit for RDTU T1 Interface (DID Hookflash).Required to upgrade the RDTU T1 interface for the DID and ground start Hookswitch flash capability.	725-55 725-59	94.00
TOSHIBA	RUPTU2	Firmware Upgrade Kit for RPTU1 PRI Interface (networking). Required to upgrade the RPTU1 PRI Interface for StrataNet QSIG networking Using DS-1 circuits.	725-55	94.00

DK40i & DK424i Common Parts

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IMDU2A	Remote Maintenance Modem Subassembly. 1 per system to provide a built-in 300/1200 bps modem for remote maintenance and programming. Mounts on PIOU or PIOUS.	725-55 725-59 725-95	226.00
TOSHIBA	PDKU2A	8 Circuit Digital Station Interface Unit Provides 8 digital station ports. A DSS Console, DDCB, or PDIU-DS uses 1 Port. Maximum 1 DSS and 1 DDCB per PDKU.	725-55 725-59 725-95	343.00
TOSHIBA	PIOU	Optional Serial Interface and External Zone Paging Unit. 1 per DK40i or DK424i system to interface to SMDR, local terminal or external modem. Contains relay control, Alarm sensor, door lock control, BGM mute control, tape recorder control or night ring relay, and 4-zone page interface. Accepts IMDU internal modem.	725-55 725-59 725-95	536.00
TOSHIBA	PIOUS2A	Option Serial Interface and 1 per DK40i or Dk424i system to interface to SMDR, local terminal or external modem. Contains relay control, alarm sensor, door lock control, BGM mute control, tape recorder control or night ring relay, and 4-zone page interface. Accepts IMDU internal modem.	725-55 725-59 725-95	390.00
TOSHIBA	RSSU1A	Serial Port Interface Unit (1- Port) for DK40i or DK424i. Provides 1 RS-232 interface to local terminal, external modem, SMDI, or MIS processor.	725-55 725-59 725-95	165.00

DK14/40i/424i & CTX100/670 & Call Center Solution Common Parts

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	PPTC	Connector-Modular (Male) To DB25 (25-pin). Required to connect a terminal device to the RS-232, SMDR, or TTY Maintenance port on the WSIU, TSIU, BSIS, RSSU,RSIU,PIOU, or PIOUS. 6 wire modular cord required.	725-55 725-59	19.00
TOSHIBA	PPTC-25F	Connector-Modular (Female) to DB25 (25-pin). Required to connect a 25-pin PC COM Port to the RS-232, SMDI or SMDR, or TTY maintenance port on the WSIU, TSIU BSIS, RSSU, RSIU, RSIS, PIOU, or PIOUS. 6-wire modular cord required.	725-55 725-59	19.00

TOSHIBA	PPTC25-MDM	Connector-Modular (Male) To DB25 (25-pin). Required to connect an external modem to the TTY port on a WSIU, TSIU, BSIS, RSSU, RSIU, RSIS, PIOU, or PIOUS for remote maintenance. 6-wire modular cord required.	725-55 725-59	19.00
TOSHIBA	PPTC-9	Connector-Modular (female) to DB9 (9-pin). Required to connect a 9-pin PC Com port to the RD-232, SMDI or SMDR, or TTY maintenance port on the WSIU, TSIU,BSIS, RSSU, RSIU, RSIS, PIOU, or PIOUS. 6-wire modular cord required.	725-55 725-59	19.00

Station Equipment

3000-series Digital Telephone Equipment

Manufacturer	Part Number	Description	Class-item	Price

Rates based on all cable, material, and terminals that are readily available from normal telecommunications supply sources.	725-55 725-59	145.00

Notes

Manufacturer	Part Number	Description	Class-item	Price
2	NOTE			All cable installation pricing is based upon runs of 150 feet or less. Runs in excess of 150 feet have an additional charge of \$47.50 per 100 feet.
3	NOTE			Non voice terminals (I.e. paging speakers, fax, modem, POS/credit card terminals) have and installation charge of \$85.00.
4	NOTE			For installation sites that require "scissor lift" or equivalent mechanized equipment, the equipment service charge is \$400.00. This is based upon a weekly usage rate.

Call Center Solutions

Insight MIS Products

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	INSIGHTDK	Insight DK Stand-alone Software. Includes software, activation key, Insight DK Documentation, and Symantec pcAnywhere software. Requires KKYS2 or RKYS3 and customer-supplied Pentium PC. See Strata DK Installation & Maintenance Manual for details of configuration and PC requirements.	725-55 725-59	2,350.00
TOSHIBA	INSIGHTDK+SUB	Insight DK Plus Sub- Supervisor MIS client Software. Requires Insight Dk Plus. See Note 1.	725-55 725-59	2,068.00
TOSHIBA	INSIGHTDK+UPG	Insight DK to Insight DK Plus Upgrade.	725-55	1,410.00

		Includes software to upgrade Insight DK to Insight DK Plus. Requires Insight DK and reprogramming of existing activation key. Requires KKYS3 or RKYS3 and customer supplied Pentium PC. See note 1.	725-59	
TOSHIBA	INSIGHTDKLITE	Insight DK Lite Stand-alone Software. Includes software, activation key, and Insight DK. Requires Insight DK Lite and reprogramming of existing activation key. Requires RKYS3A or KKYS3A and customer-supplied Pentium PC. See Strata DK I & M Manual for configuration details and PC req.	725-55 725-59	564.00
TOSHIBA	INSIGHTLDKUPG	Insight DK Lite to Insight DK Upgrade. Includes software to upgrade Insight DK Lite to Insight DK. Requires Insight DK Lite and reprogramming existing activation key. Requires RKYS3A or KKYS3A and customer supplied Pentium PC. See Strata DK I & M Manual for configuration details and PC req.	725-55 725-59	1,786.00
TOSHIBA	INVIEW1	inView client software for 1 user. Software can be loaded on any number of Client PCs, but can only be used by 1 user at a time. See note 2.	725-55 725-59	376.00
TOSHIBA	INVIEW10	inView client software for 10 users. Software can be loaded on any number of Client PCs, but can only be used by 10 simultaneously. See note 2.	725-55 725-59	2,162.00
TOSHIBA	INVIEW20	inView client software for 20 users. Software can be loaded on any number of Client PCs, but can only be used by 20 simultaneously. See note 2.	725-55 725-59	3,948.00
TOSHIBA	INVIEW30	inView client software for 30 users. Software can be loaded on any number of Client PCs, but can only be used by 30simultaneously. See note 2.	725-55 725-59	5,076.00
TOSHIBA	INVIEW40	inView client software for 40 users. Software can be loaded on any number of Client PCs, but can only be used by 40 simultaneously. See note 2.	725-55 725-59	6,110.00
TOSHIBA	INVIEW5	inView client software for 5 users. Software can be loaded on any number of Client PCs, but can only be used by 5 simultaneously. See note 2.	725-55 725-59	1,175.00
TOSHIBA	INVIEW50	inView client software for 50 users. Software can be loaded on any number of Client PCs, but can only be used by 50 simultaneously. See note 2.	725-55 725-59	7,050.00

Software MIS (SMIS)

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	SMIS	Software MIS. Requires KKYS3 or RKYS3	725-55	1,880.00

and 486 PC or higher. PC should have DOS 5.0 or higher, 4 MB or more of RAM, a 3.5" floppy drive, a 100 MB or larger hard disk, 1 serial port, 1 parallel port, and color monitor. See SMIS documentation for details.

725-59

Call Center Viewer

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CCV01	Call Center Viewer Software with Activation Key. Incl. User guide, software, activ key. Req. KKYS3 or RKYS3, cust-sup. Pentium 100 MHz PC with Win 95, 16 MB RAM, 10MB HD space, 3.5" floppy drive, serial com. Port, parallel printer port, VGA color monitor, Win. Graphics Accel., keyboard, mouse. Note 3.	725-55 725-59	1,128.00
TOSHIBA	CCVY	Call Center Viewer Y-Connector. Required for connection of up to 3 Call Center Viewer PCs or 1 SMIS and 2 Call Center Viewers to the same Strata DKMIS port.	725-55 725-59	33.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-CCV	Installation and Pre-determined Programming of Call Center Viewer. Software installed on customer-supplied PC. Includes cable run. Installation of Windows 2000,98,95, or Windows NT, on customer's PC is customer's responsibility. Standard installation procedures as described in the Strata DK I &M Manual.	725-55 725-59	245.00
TOSHIBA	IN-INSIGHT+UPG	Installation/Programming Insight DK to Insight DK Plus Upgrade. Requires Insight DK and reprogramming of existing activation key. Uses existing cable run between Strata DK and PC. If connected to LAN, installation of customer-supplied LAN is customer's responsibility. Std Installation as described in the I & M Manual.	725-55 725-59	375.00
TOSHIBA	IN-INSIGHTDK	Installation/Programming of Insight DK and stand-alone Application. Software installed on customer supplied Windows PC. Includes cable run between Strata DK and PC. Installation of Windows 2000/98/95/NT on customer's PC is customer's responsibility. Std Installation as described in the I & M Manual.	725-55 725-59	640.00
TOSHIBA	IN-INSIGHTDKSUB	Installation/Programming of Insight DK Plus Sub-Supvr. Application. Includes cable run between Strata DK and PC. Requires Insight DK Plus. Installation of Windows 2000, 98, 95, or Windows NT on customer-supplied PC is customer's responsibility. Standard installation procedures as described in the Strata DK I & M Manual.	725-55 725-59	415.00

TOSHIBA	IN-INSIGHTLITE	Installation/Programming of Insight DK stand-alone Application. Software installed on customer supplied Windows PC. Includes cable run between Strata DK and PC. Installation of Windows 2000/98/95/NT on customer's PC is customer's responsibility. Standard installation procedures as described in the Strata DK I & M Manual.	725-55 725-59	375.00
IN-INSLITEDKUPG	Installation/Programming of Insight DK Lite to Insight DK Upgrade.	Requires Insight DK Lite and reprogramming of existing activation key. Uses existing cable run between Strata DK and PC. If connected to LAN, installation of customer-supplied LAN is customer's responsibility. Std installation as described in I & M Manual.		375.00
IN-INVIEW	Installation/Programming of InView Client application (per	Required for each user of inView. Installation of Windows 2000/98/95/NT User). On customer-supplied PC is customer's responsibility. Standard installation procedures as described in the Strata DK I & M Manual.		225.00
IN-SMIS	Installation/Pre-determined Programming of SMIS.	Software installed on customer-supplied PC. Includes cable run. Installation of PC DOS on customer PC is customer's responsibility. Std installation as described in I & M Manual.		245.00

Notes

Manufacturer	Part Number	Description	Class-item	Price
1	NOTE	Requires customer-supplied LAN, and customer-supplied Pentium PC. See the Strata DK I & M Manual for PC configuration requirement details. Installation of the customer-supplied LAN is the customer's responsibility.		
2	NOTE	Requires Insight DK, Insight DK Lite or Insight DK Plus, customer-supplied LAN and Pentium PC. See Strata D I & M Manual for PC configuration requirement details. Installation of customer-supplied LAN is the customer's responsibility.

MCK EXTender Products

MCK Products

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	A-ADB25M34	DB25-M34 Adapter. Optional. For connection of the DB25 WAN port to an M34 interface.	725-55 725-59	66.00
TOSHIBA	A-BRJ11	12-port Breakout Box. Optional. Converts 50-pin amphenol connector to RJ11 jacks.	725-55 725-59	99.00
TOSHIBA	A-CDB25MF-1	DB25-DB25 RS530 Cable. Optional. For connection of the BD25 WAN Port to an RS530 Interface.	725-55 725-59	66.00
TOSHIBA	A-CRJ21MF	RJ21 Cable. Optional. Connects 12-port breakout box to digital telephones or lines.	725-55 725-59	33.00
TOSHIBA	E-4000-RTM	MCK EXTender 4000 for IP Single-user Remote Unit. Includes EXTender unit, power cord, 2 mounting brackets, DB-9 serial cable, Quick Install Guide. Prov interface for 1 Toshiba digital phone at remote location. Requires connection to 1 port on a PBX gateway Switch Unit at host location.	725-55 725-59	954.00
TOSHIBA	E-6000-STM08	MCK PBXgateway Switch Unit 8-port. Includes PBXgateway unit, power cord, 2 mounting brackets, DB-9 serial cable, System Admin. Guide, and Quick Installation Guide with Application Guide. Required at the host system location for corresponding EXTender 6000 or EXTender 4000 Remote Units.	725-55 725-59	3,741.00
TOSHIBA	E-6000-STM12	MCK PBXgateway Switch Unit 12-port. Includes PBXgateway unit, power cord, 2 mounting brackets, DB-9 serial cable, System Admin. Guide with Application Guide. Required at the host system location for corresponding EXTender 6000 or EXTender 4000 Remote Units.	725-55 725-59	4,681.00
TOSHIBA	E-6000-RTM08	MCK EXTender 6000 Remote Unit 8-port (no 911 Local Dialing). Includes EXTender unit, power cord, 2 mounting brackets, DB-9 serial cable, Quick Install Guide. Provide interface for 8 Toshiba digital phones at remote location with 911 local dialing. Requires 8 ports on PBXgateway Switch Unit at host system location.	725-55 725-59	4,023.00

TOSHIBA	E-6000Z-RTM08	MCK EXTender 6000 Remote Unit 8-port (no 911 Local Dialing).Includes EXTender unit, power cord, 2 mounting brackets, DB-9 serial cable, Quick Install Guide. Provide interface for 8 Toshiba digital phones at remote location with 911 local dialing. Requires 8 ports on PBX gateway Switch Unit at host system location.	725-55 725-59	4,023.00
TOSHIBA	E-GWY2-STM24	MCK PBXgateway II Switch Unit 24-port. Includes PBXgateway II unit, power cord, 2 mounting brackets, DB-9 serial cable, System Admin. Guide, and Quick Install Guide with Application Guide. Required at the host system location for corresponding EXTender 6000 or EXTender 4000 Remote Units.	725-55 725-59	8,535.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-E-4000-RTM	Installation/Programming of EXTender 4000 Single-user Remote Unit. The EXTender and PBXgateway are installed in pairs. Standard installation procedures as described in the MCK I & M Manual. See notes 1-4.	725-55 725-59	75.00
TOSHIBA	IN-E-6000GSTM08	Installation/Programming of PBXgateway Switch Unit 8-port. The PBXgateway and EXTender are installed in pairs. Standard installation procedures as described in the MCK Installation Manual. See Notes 1-4.	725-55 725-59	300.00
TOSHIBA	IN-E-6000GSTM12	Installation/Programming of PBXgateway Switch Unit 12-port. The PBXgateway and EXTender are installed in pairs. Standard installation procedures as described in the MCK Installation Manual. See Notes 1-4.	725-55 725-59	300.00
TOSHIBA	IN-E-6000-RTM08	Installation/Programming of EXTender 6000 Remote Unit 8-port (no 911). The PBXgateway and EXTender are installed in pairs. Standard installation procedures as described in the MCK Installation Manual. See Notes 1-4.	725-55 725-59	75.00
TOSHIBA	IN-E-6000ZRTM08	Installation/Programming of EXTender 6000 Remote Unit 8-port with 911.The PBXgateway and EXTender are installed in pairs. Standard installation procedures as described in the MCK Installation Manual. See Notes 1-4.	725-55 725-59	75.00
TOSHIBA	IN-E-6000ZRTM12	Installation/Programming of EXTender 6000 Remote Unit 12-port with 911. The PBXgateway and EXTender are installed in pairs. Standard	725-55 725-59	75.00

installation procedures as described in the MCK .
Installation Manual. See Notes 1-4.

TOSHIBA	IN-E-GWY2-STM24	Installation/Programming of PBXgateway II Switch Unit 24-port.The PBXgateway and EXTender are installed in pairs. Standard installation procedures as described in the MCK Installation Manual. See Notes 1-4.	725-55 725-59	300.00

Notes

Manufacturer	Part Number	Description	Class-item	Price
1	NOTE	MCK EXTender/PBXgateway installation and system programming/ configuration does not include installation of public/private network equipment. Installation of the network is the customer's responsibility.		
2	NOTE	EXTender/PBXgateway products connect to customer's network over traditional circuit switched networks including T1 (TDM), Fractional T1, ISDN, or Frame Relay circuits through an external network device, or over packet switched networks (IP, xDSL, cable).		
3	NOTE	Using third party network termination enables the EXTender to perform in a wide variety of network environments. Network connection can include ISDN, terminal adapters, CSU/DSU's, multiplexers, FRADS, routers, DOCSIS-compliant cable modems, etc.		
4	NOTE	If the installing Toshiba dealer chooses to install network equipment or services for the customer, the dealer must do so as a separate project with separate pricing from the installation of the MCK products.		

Voice Over IP (VoIP) Gateway Products

Toshiba Integrated VoIP Products

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	BVOU1A	4-port Toshiba Voice Over IP Interface Unit. One BVPU required per Strata CTX or Strata DK system connected to the VoIP network.	725-55 725-59	2,773.00

Oki External VoIP Products

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	100101	Oki 4-port Internet Voice Gateway BV1250 Base Unit. Includes chassis, main circuit board, and power supply. requires BV1250 Accessories,	725-55 725-59	2,316.00

and Interface Kit (E&M, FXS, or FXO).

TOSHIBA	100102	BV1250 Accessories Includes power cord, fuses, screws, crimp connectors, cable support bracket, snap band, labeling materials, and User Guide. Required for the BV1250 Base Unit when not purchased with the interface kit.	725-55 725-59	33.00
TOSHIBA	100103	Analog FXS Interface Kit for the Oki BV 1250 Base unit. Includes analog interface board, interface cable connectors, screws, and labeling materials. Required to connect the BV1250 to the analog loop start trunks of the host telephone system.	725-55 725-59	329.00
TOSHIBA	100104	Analog FXO Interface Kit for the Oki BV 1250 Base Unit. Includes analog intf. Board, cable connectors, screws, and labeling. Required to connect BV 1250 to subscriber line interface card (SLIC) of host telephone system or to the CO directly for remote location support.	725-55 725-59	329.00
TOSHIBA	100105	E & M Interface Kit for the Oki BV1250 Base Unit. Includes E & M Interface board, interface Cable connectors, screws, and labeling materials. Required to connect the BV1250 to the E & M interface of the host telephone system.	725-55 725-59	329.00
TOSHIBA	100106	Rack Mount Kit for the Oki BV 1250 Base Unit. Includes mounting brackets, cable support bracket, screws, and spacer panel. Required for mounting of the BV1250 in standard 19" rack assembly.	725-55 725-59	47.00
TOSHIBA	101013	PC Serial Cable for the Oki Maintenance Console Software (MCS) PC. Required for connection of the MCS PC to the BV 1250.	725-55 725-59	9.00
TOSHIBA	103012	Oki Maintenance Console Software (MCS). Windows 95 compatible software that installs on a user-supplied PC. The MCS is an installation tool used for setting configurable options in the Oki Internet voice Gateway. Requires PC serial cable for connection of the MCS PC to the BV 1250.	725-55 725-59	47.00
TOSHIBA	10311	Printed Installation & Maintenance Guide for the Oki BV 1250. Contains instructions for the installation, configuration, and maintenance of the Oki BV 1250 Internet Voice Gateway.	725-55 725-59	47.00
TOSHIBA	103112	Printed Technical Reference for the Oki BV 1250. Contains detailed technical reference information for the Oki BV 1250 Internet Voice Gateway.	725-55 725-59	47.00
TOSHIBA	103115	Printed General Description for the Oki BV 1250.	725-55	47.00

		Contains detailed description of the Oki BV 1250 Internet Voice Gateway.	725-59	
TOSHIBA	EMKT1250	Oki 4-port Internet Voice Gateway BV 1250 Unit- Analog E & M. Includes base Unit, E & M Intf. Kit, BV 1250 Accessories, Maint. Console Software, I & M Guide CD-ROM. 1 BV 1250 Req'd per telephone system connected to VoIP network. MCS req. user-supplied PC & serial cable for connection to BV 1250.	725-55 725-59	2,345.00
TOSHIBA	FOKT1250	Oki 4-port Internet Voice Gateway BV 1250 Base Unit- Analog FXO. Includes Base Unit, FXO Intf. Kit, BV 1250 Accessories, Maint. Console Software, I & M Guide CD-ROM. 1 BV 1250 req'd per telephone system connected to VoIP network. MCS req. user-supplied PC & serial cable for connection to BV 1250.	725-55 725-59	2,345.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-VOIP-BV1250	Installation/programming of the Oki BV 1250 Internet Voice Gateway. Standard installation procedures as described in the Oki I & M. See notes 1-5.	725-55 725-59	150.00
TOSHIBA	IN-VOIP-BVPU	Installation/programming of the Toshiba VoIP Interface Unit (BVPU). Standard installation procedures as described in the Strata DK Installation Manual and BVPU Installation Guide. See notes 1-5.	725-55 725-59	150.00

Notes

Manufacturer	Part Number	Description	Class-item	Price
1	NOTE	Installation price includes physical installation of the BVPU in the Strata DK or BV1250, programming the 4 Tie Lines, connecting to the local area network (LAN) and establishing the IP address.		
2	NOTE	Installation price of BVPU or BV1250 does not include installation of public or private network equipment. Installation of the network is the customer's responsibility.		
3	NOTE	Configuration of the IP component can be very complex and requires analysis, a scope of work, and a separate labor quotation.		
4	NOTE	The BVPU or BV1250 can inter-operate with from 2 to over 2,000 network nodes. It provides directory number translation, digit screening,		

restriction and security, all of which needs to be configured for the entire network.

5

NOTE

The IP Network Administrator is responsible for the network connectivity and quality of service parameters within IP network.

Strata CTX & Strata DK Documentation

Installation/Programming Manuals

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CTX-MA-IN/MT-VA	Strata CTX Installation & Maintenance Manual. Provides all hardware information necessary to install and maintain Strata CTX670 and CTX100 systems.	725-55 725-59	56.00
TOSHIBA	CTX-MA-PRGRM-VA	Strata CTX Programming Manual. Provides programming information necessary to install and maintain Strata CTX670 and CTX100 systems.	725-55 725-59	38.00
TOSHIBA	D42-IC-INSIT-VA	Insight DK Installation Guide. Contains instructions for installing the Insight DK and Insight DK plus software.	725-55 725-59	13.00
TOSHIBA	D42-IG-WDTEL-VA	Strata Airlink Wireless Systems Installation Guide. Provides step-by-step installation instructions for the Strata Airlink External and Internal wireless systems hardware and software.	725-55 725-59	7.00
TOSHIBA	DKA-MA-IN/MT-VF	Strata DK Installation & Maintenance Manual. Provides all hardware information necessary to install and maintain Strata DK14 (up to & including R3.1), DK40i, D424i (up to & including R4.3) systems. Includes ACD.	725-55 725-59	56.00
TOSHIBA	DKA-MA-PRGRM-VF	Strata DK Programming Manual. Provides programming information necessary to install and maintain Strata DK14, DK40i, DK424i systems. Includes ACD.	725-55 725-59	38.00
TOSHIBA	TSD-SG-SMIS-R1	Software MIS (SMIS) Manual. Contains step-by-step instructions for the installation, administration, and supervisor functions of Software MIS (SMIS).	725-55 725-59	31.00

Documentation on CD - ROM

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CTX-CD-WLIB-VA	Strata CTX WinAdmin/ Documentation Library CD-ROM. Includes: CTX WinAdmin software, General Description, I & M Manual, Programming	725-55 725-59	9.00

Manual, System Record Sheets, All User Guides, Sales, Application and Technical Bulletin Updates, and Custom Document Generator.

TOSHIBA	DKA-CD-INSIT-VB	Insight DK Application/ Documentation/Demo CD-ROM. Used to upgrade existing Insight DK Software release 2.6, or used as a documentation and demo disk. Requires existing Insight DK activation key to activate the application.	725-55 725-59	9.00
TOSHIBA	DKA-CD-LIBRY-VE	Strata DK Library CD-ROM. Includes: General Description, Feature Description Manual, Installation & Maintenance Manual, Programming Manual, System Record sheets, All User Guides, Sales, Application and Technical Bulletin Updates, Miscellaneous publications and presentations.	725-55 725-59	9.00

Strata Training Products

Training Products

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	DK BVPU CBT	CBT Self-study CD-ROM for Toshiba Voice Over IP Interface Unit (BVPU). Includes BVPU overview, IP Telephony Fundamentals, MCS demo, and MCS try it. Includes link to TOTAL site for certification test. Requires prior certification on DK280 Release 3, DK424, or DK424i.	725-55 725-59	9.00
TOSHIBA	DK40i(16e)CBT	Strata DK40i CBT Self-study Package CD-ROM. Designed to teach the Strata DK Certified technician the differences between the larger Strata DK systems (DK424i, DK424, DK280) and the smaller Strata DK systems (DK40i, DK40, DK16e). Does not grant Strata DK basic certification.	725-55 725-59	9.00
TOSHIBA	DKA-VT-D2000TRN	Strata DK End User Training Video. Contains video instructions of how to use Strata DK features on DKT-2000 digital and LCD telephones.	725-55 725-59	24.00

Strata DK424 Legacy Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CCPKG-CD4-PIOU	DK424 Large System Common Control Unit Package with Zone Paging. 1 per system. Supports Base Cabinet, 1 to 5 Expansion Cabinets, advanced DK424 features, remote maintenance, and Zone Paging. Includes RCTU3, RCTUD4, PIOUS, and IMDU.	725-55 725-59	4,411.00
TOSHIBA	CCPKG-CD4-PIOUS	DK424 R4 Large System Common Control Unit Package with Paging. 1 per system. Supports Base Cabinet, 1 to 5 Expansion Cabinets, advanced DK424 features remote maintenance, and Paging. Includes RCTUC3, RCTUD4, PIOUS, and IMDU.	725-55 725-59	4,265.00
TOSHIBA	CCPKG-CD4-RSIU	DK424 R4 Large System Common Control Unit Package. 1 per system. Supports Base Cabinet, 1 to 5 Expansion Cabinets, advanced DK424 features remote maintenance, and Paging. Includes RCTUC3, RCTUD4, RSIU and RMDS.	725-55 725-59	4,054.00
TOSHIBA	CCPKG-EF4-PIOU	DK424 R4 Maximum System Common Control Unit Package with Zone Paging. 1 per system. Supports Base Cabinet, 1 to 6 Expansion Cabinets, advanced DK424 features remote maintenance, and Paging. Includes RCTUE3, RCTUF4, PIOU, and IMDU.	725-55 725-59	8,257.00
TOSHIBA	CCPKG-EF4-PIOUS	DK424 R4 Maximum System Common Control Unit Package with Paging. 1 per system. Supports Base Cabinet, 1 to 6 Expansion Cabinets, advanced DK424 features remote maintenance, and Paging. Includes RCTUE3, RCTUF4, PIOUS, and IMDU.	725-55 725-59	8,111.00
TOSHIBA	CCPKG-EF4-RSIU	DK424 R4 Maximum System Common Control Unit Package. 1 per system. Supports Base Cabinet, 1 to 6 Expansion Cabinets, advanced DK424 features remote maintenance, and Paging. Includes RCTUE3, RCTUF4, RSIU and RMDS.	725-55 725-59	7,900.00
TOSHIBA	DKSUB424A	DK424 Base Cabinet without Power Supply. Used for spares or replacements.	725-55 725-59	448.00
TOSHIBA	DKSUE424/PS	DK424 Expansion Cabinet With RPSU424A Power Supply & Charger. Maximum 1 per RCTUBA/BB system. 1 to 5 per RCTUC/D system. 1 to 6 per RCTUE/F system. RC7C1A-1.7M cable set required for the 6 th expansion cabinet.	725-55 725-59	543.00

TOSHIBA	DKSUE424A	DK424 Expansion Cabinet without Power Supply. Used for spares or replacements.	725-55 725-59	418.00
TOSHIBA	PEKU1A	8-circuit Electronic Station Interface Unit for Strata DK. 1 for each 8 EKT station ports. Each DSS uses 2 ports; maximum 1 per PEKU. 1 port serves 3 door phones which is maximum per PEKU.	725-55 725-59	329.00
TOSHIBA	PESU1A	Standard/Electronic Telephone Interface Unit for Strata DK.1 for each combination of 2 standard Telephone ports and 4 EKT ports.	725-55 725-59	438.00
TOSHIBA	RBDB2A	Battery Distribution Box for DK424. 1 per system required when 3 to 7 cabinets are connected to reserve batteries. Includes 6 Power Supply to RBDB2 cables (5ft).	725-55 725-59	319.00
TOSHIBA	RBTC1A-2M	Reserve Power Cable 6.5ft(DK424 RBDB2 to Battery Terminals). Cable used to connect reserve batteries to DK424 RBDB2A battery distribution box. 2 cables per DK424 system required when connecting 3 or more cabinets to reserve batteries.	725-55 725-59	61.00
TOSHIBA	RBTC2A-1.5M	Reserve Power Cable (Dk424 Cabinet Power Supply to RBDB2). For replacement or spare cables. See RBDB2A.	725-55 725-59	15.00
TOSHIBA	RC7C1A-1.7M	Cable set for DK424 7trh Cabinet. 1 for 7 th Cabinet connection of power supply to RBDB2A for reserve power. Includes data cable between Base Cabinet and 7 th Cabinet.	725-55 725-59	35.00
TOSHIBA	RCCB1A	Floor Mount Conduit Connection Box (3 to 6 Cabinets). Required for AC and battery connection when 3 to 6 cabinets are floor mounted. Not required for wall mounting.	725-55 725-59	139.00
TOSHIBA	RCCB2A	Floor Mount Conduit Connection Box (3 to 7 Cabinets). Required for AC and battery connection when 3 to 7 cabinets are floor mounted. Not required for wall mounting.	725-55 725-59	299.00
TOSHIBA	RCTC1A	DK424 Remote Cabinet Top Cover. As desired for DK424 remote expansion cabinet.	725-55 725-59	65.00
TOSHIBA	RCTUA4A	DK424 Small System Common Control Unit. 1 per system. Does not support Expansion Cabinets or Attendant Consoles.	725-55 725-59	583.00
TOSHIBA	RCTUBA3A	DK424 Medium System Common Control Main Unit.1 per system. Support Base Cabinet, 1 Expansion Cabinet, and advanced DK424 features. Requires RCTUBB3 or RCTUBB4A.	725-55 725-59	810.00
TOSHIBA	RCTUBB4A	DK424 Medium System Common Control Sub	725-55	658.00

		Unit. 1 per RCTUBA3 required.	725-59	
TOSHIBA	RCTUC3A	DK424 Large System Common Control Unit. Used for spares or replacement. Supports Base Cabinet and 1 to 5 Expansion Cabinets.	725-55 725-59	2,292.00
TOSHIBA	RCTUD4A	DK424 Large System Common Control Sub Unit. Used for spares or replacement. 1 per RCTUC4A required.	725-55 725-59	1,878.00
TOSHIBA	RCTUE3A	DK424 Largest System Common Control Main Unit. Used for spares or replacement. Supports Base Cabinet, and 1 to 6 Expansion Cabinets.	725-55 725-59	3,114.00
TOSHIBA	RCTUF4A	DK424 Largest System Common Control Sub Unit. Used for spares or replacement. 1 per RCTUE3A.	725-55 725-59	5,112.00
TOSHIBA	RDCL2A-M2	DK424 Remote Cabinet Data Cable M2. Connects M2 connector of an RRCU to a Data Highway Connector.	725-55 725-59	66.00
TOSHIBA	RDC2LA-MS1	DK424 Remote Cabinet Data Cable M1/S1. Connects M1 or S1 connector of an RRCU to a Data Highway Connector.	725-55 725-59	94.00
TOSHIBA	RDCL2A-S2	DK424 Remote Cabinet Data Cable S2. Connects S2 connector of an RRCU to a Data Highway Connector.	725-55 725-59	66.00
TOSHIBA	RFIF1A	DK424 Floor Mount Fixture Kit. 1 per DK424 system when floor mounted. Includes 3 pairs of wall securing brackets for safety.	725-55 725-59	100.00
TOSHIBA	RPSB1A	3 Outlet AC Power Strip Box (Standard Cord). 1 required with 3 or 4 DK424 Base/Expansion Cabinets. 2 required with 5, 6, or 7 cabinets.	725-55 725-59	60.00
TOSHIBA	RPSU424A	Power Supply for DK424 Base/ Expansion Cabinet. Used for spares or replacement.	725-55 725-59	349.00
TOSHIBA	RURA4.3	R4.3 Upgrade Kit for DK424 RCTUA3 or RCTUA4. Use 2 kit to upgrade RCTUA3A or RCTU4A to Release 4.3 software. Instructions included.	725-55 725-59	100.00
TOSHIBA	RURB4.3	R4.3 Upgrade Kit for DK424 RCTUBA3. Use 1 kit to upgrade RCTUBA/BB3 or RCTU4B/BB4 to Release 4.3 software. Instructions included.	725-55 725-59	199.00
TOSHIBA	RURD4.3	R4.3 Upgrade Kit for DK424 RCTUC3/D. Use 1 kit to upgrade RCTUC/D3 or RCTUC/D4 to Release 4.3 software. Instructions included	725-55 725-59	299.00

TOSHIBA	RURF4.3	R4.3 Upgrade Kit for DK424 RCTUE3/F. Use 1 kit to upgrade RCTUE/F3 or RCTUE/F4 to Release 4.3 software. Instructions included.	725-55 725-59	979.00
----------------	----------------	--	------------------	--------

Strata DK24/56/96 Legacy Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	PCTU4A	DK24/56/96 Release 4 Common Control Processor Unit. For spares or replacements.	725-55 725-59	996.00

Perception e/ex/exp Legacy Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	NDCU-2	8-circuit Elect. Data Intf Unit (DDIU) PCB for Perception e/ex/exp. 1 per 8 DDIUs	725-55 725-59	827.00
TOSHIBA	NDSU-2	4 - circuit Electronic DSS Interface Unit for Perception e/ex/exp. 1 per 4 DSS electronic consoles. Maximum 2 PCBs per system.	725-55 725-59	195.00
TOSHIBA	NEKU-2	8-circuit Electronic Telephone Interface Unit for Perception e/ex/exp. 1 per 8 EKTs.	725-55 725-59	513.00
TOSHIBA	NMDU-2	Modem Pooling/Data Interface Unit PCB for Perception e/ex/exp. 1 per combination of up to 4 modems or DDIUs. Also requires 1 DDIU-MA per modem.	725-55 725-59	737.00
TOSHIBA	NOCU-2	OCA Interface PCB for Perception e/ex/exp. 1 per 8 EKTs to receive OCA announcements. Also requires 1 NEKU per 8 EKTs, and 1 HVSU2 per each EKT.	725-55 725-59	394.00

Legacy Documentation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	D42-CD-HOMIS-VC	HMIS R2 Application/Documentation/ Demo CD-ROM. Requires existing HMIS. Used to upgrade existing HMIS Server or Workstation software from Release 1 to Release 2.	725-55 725-59	25.00
TOSHIBA	D42-IG-HOMIS-VA	HMIS Installation Guide. Contains instructions for installing and maintaining HMIS software.	725-55 725-59	13.00
TOSHIBA	TSD-CD-ARCHV-VA	Toshiba Documentation Archive CD-ROM. Contains documentation for these legacy products: Strata DK24/56/96 R4, Strata DK8 & DK16, VP 100/200/300 R7.1, Perception e/ex/exp, and Perception 4000.	725-55 725-59	24.00
TOSHIBA	WRLS-CBT-CD	Strata Air Link Computer-Based Training Package on CD-ROM. Tutorial package and presentation tools for Strata Air link. Does not	725-55 725-59	27.00

include certification.

Strata CS

Base Systems

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-DEMO	Portable Demo Server R4.0 With 4X8 configuration, integrated screen and keyboard. Strata CS self-contained portable demo unit. System supports client and Admin. Screens on a single unit. Includes Windows NT, CS R4.0 application software, pcAnywhere, BCP Panel (for trunk & station termination), 4-trunk/8 station/ 1 client licenses.	725-15 725-56 725-57	7,520.00
TOSHIBA	CS-SERVER 14/4	Strata CS 18-slot (14 ISA, 4 PCI) System. Includes 18-slot PIII 500 MHz Server, 256 MB RAM, 10/100baseT NIC, 56 Kbps v.90 modem, Windows NT, CS Application software and server license and pc Anywhere. Requires trunk and station licenses, interface cards, and BCP panel.	725-15 725-56 725-57	7,814.00
TOSHIBA	CS-SERVER 15PCI	Strata CS 15-slot (PCI) system. Includes 15-slot PIII 500 MHz Server, 256 MB RAM, 10/100 baseT NIC, 56 Kbps v.90 modem, Windows NT, CS Application software and server license and pc Anywhere. Requires trunk and station licenses, interface cards, and BCP panel.	725-15 725-56 725-57	8,002.00
TOSHIBA	CS-SERVER 3	Strata CS 3-slot (2 PCI,1 ISA/PCI) system. Includes 2 PCI, 1 ISA/PCI combo-slot Server, AMD K62 500 MHZ processor 256 MB RAM, 10/100baseT NIC 56Kbps v.90 modem, Windows NT, CS Application software and server license and pc Anywhere. Requires trunk and station licenses, interface cards, and BCP panel.	725-15 725-56 725-57	3,036.00
TOSHIBA	CS-SERVER 9	Strata CS 9-slot (6 ISA, 3 PCI) system. Includes 9-slot PIII 500 MHz Server, 256 MB RAM, 10/100baseT NIC, 56 Kbps v.90 modem, Windows NT, CS Application software and server license and pc Anywhere. Requires trunk and station licenses, interface cards, and BCP panel.	725-15 725-56 725-57	5,088.00

Trunk License Fees-Required

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-TRUNK 1 R4	Release 4.0 Single Trunk license fee. Activates server for 1 trunk.	725-55 725-59	188.00
TOSHIBA	CS-TRUNK 23 R4	Release 4.0 23 Single Trunk license fee.	725-55	4,324.00

		Activates server for 23 trunks.	725-59	
TOSHIBA	CS-TRUNK 4 R4	Release 4.0 4 Trunk license fee. Activates server for 4 trunks.	725-55 725-59	752.00
TOSHIBA	CS-TRUNK 8 R4	Release 4.0 8 Trunk license fee. Activates server for 8 trunks.	725-55 725-59	1,504.00

Station License Fees-Required

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-STATION 1 R4	Release 4.0 Single Station license fee. Activates server for 1 station.	725-55 725-59	103.00
TOSHIBA	CS-STATION 24 R4	Release 4.0 24 Station license fee. Activates server for 24 stations.	725-55 725-59	2,444.00
TOSHIBA	CS-STATION 8 R4	Release 4.0 8 Station license fee. Activates server for 8 station.	725-55 725-59	827.00

Strata CS Client License Fees-Required

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-CLIENT 1 R4	Release 4.0 Single Client license fee. Activates server for 1 desktop Client.	725-55 725-59	103.00
TOSHIBA	CS-CLIENT 24 R4	Release 4.0 24 Client license fee. Activates server for 24 desktop Clients.	725-55 725-59	2,444.00
TOSHIBA	CS-CLIENT 8 R4	Release 4.0- 8 Client license fee. Activates server for 8 desktop Clients.	725-55 725-59	827.00

VoIP License Fees-Optional

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-VOIP R4	Release 4.0 Voice Over Internet Protocol (VoIP) license fee. 1 VoIP license is required per VoIP Connection. See Strata CS I & M Manual or requirements.	725-55 725-59	282.00

Call Center License Fees-Optional

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-CALL CTR AGT	Per Agent License for Release 4.0 Call Center Queues. Required for each agent beyond the first 4 included with the Call Center Queues license.	725-55 725-59	282.00
TOSHIBA	CS-CALL CTR UPG	Release 4.0 Call Center Queues License. Required to configure agents in queues for Strata CS Release 4.0 call center functions.	725-55 725-59	470.00

Includes Call Center Reporter functions. Supports 4 agents. Additional agent licenses priced separately.

Note 1

Depending on the call center configuration, additional voice resources may be required. Refer to the Strata CS Administrator Guide.

Release 3.5 Add-on license Fees

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-CALL MGR	Release 3.5 Call Center Reporter license fee. Activates Call Center Reporter. Requires software installation on customer-supplied PC. See Strata CS I & M Manual for PC requirements. For addition to existing Release 3.5 system.	725-55 725-59	1,062.00
TOSHIBA	CS-CLIENT 1	Release 3.5 Single Client license fee. Activates server for 1 desktop Client. For addition to existing Release 3.5 system.	725-55 725-59	103.00
TOSHIBA	CS-CLIENT 24	Release 3.5 24 Client license fee. Activates server for 24 desktop Clients. For addition to existing Release 3.5 system.	725-55 725-59	2,444.00
TOSHIBA	CS-CLIENT 8	Release 3.5 8 Client license fee. Activates server for 8 desktop Clients. For addition to existing Release 3.5 system.	725-55 725-59	827.00
TOSHIBA	CS-STATION 1	Release 3.5 Single station license fee. Activates server for 1 station. For addition to existing Release 3.5 system.	725-55 725-59	103.00
TOSHIBA	CS-STATION 24	Release 3.5 24 station license fee. Activates server for 24 stations. For addition to existing Release 3.5 system.	725-55 725-59	2,444.00
TOSHIBA	CS-STATION 8	Release 3.5 8 station license fee. Activates server for 8 station. For addition to existing Release 3.5 system.	725-55 725-59	188.00
TOSHIBA	CS-TRUNK 23	Release 3.5 23 trunk license fee. Activates server for 23 trunks. For addition to existing Release 3.5 system.	725-55 725-59	4,324.00
TOSHIBA	CS-TRUNK 4	Release 3.5 4 trunk license fee. Activates server for 4 trunks. For addition to existing Release 3.5 system.	725-55 725-59	752.00
TOSHIBA	CS-TRUNK 8	Release 3.5 8 trunk license fee. Activates server for 8 trunks. For addition to existing Release 3.5 system.	725-55 725-59	1,504.00
TOSHIBA	CS-VOIP	Release 3.5 Voice Over Internet Protocol (VoIP) license fee. 1 VoIP license is required per VoIP connection. See Strata CS I & M Manual	725-55 725-59	282.00

for requirements. For addition to existing Release 3.5 system.

Release 4.0 License Upgrade Fees-Optional

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-CLIENT1 UPG	Release 4.0 Single Client License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Client license to Release 4.0.	725-55 725-59	52.00
TOSHIBA	CS-CLIENT24 UPG	Release 4.0 24 Client License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Client license to Release 4.0.	725-55 725-59	1,241.00
TOSHIBA	CS-CLIENT8 UPG	Release 4.0 8 Client License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Client license to Release 4.0.	725-55 725-59	414.00
TOSHIBA	CS-R4 APP UPG	Release 4.0 Software Application & Documentation License Upgrade. Required to upgrade a Strata CS Release 3.5 server Release 4.0. software, and contains Release 4.0 server license.	725-55 725-59	24.00
TOSHIBA	CS-STATION1 UPG	Release 4.0 Single Station License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Station license to Release 4.0.	725-55 725-59	52.00
TOSHIBA	CS-STATION24 UPG	Release 4.0 24 Station License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Station license to Release 4.0.	725-55 725-59	1,241.00
TOSHIBA	CS-STATION8 UPG	Release 4.0 8 Station License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Station license to Release 4.0.	725-55 725-59	414.00
TOSHIBA	CS-TRUNK1 UPG	Release 4.0 Single Trunk License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Trunk license to Release 4.0.	725-55 725-59	94.00
TOSHIBA	CS-TRUNK23 UPG	Release 4.0 23 Trunk License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Trunk license to Release 4.0.	725-55 725-59	2,162.00
TOSHIBA	CS-TRUNK4 UPG	Release 4.0 4 Trunk License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Trunk license to Release 4.0.	725-55 725-59	376.00
TOSHIBA	CS-TRUNK8 UPG	Release 4.0 8 Trunk License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Trunk license to Release 4.0.	725-55 725-59	752.00
TOSHIBA	CS-VOIP1 UPG	Release 4.0 Single IP Trunk License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Trunk IP license to Release 4.0.	725-55 725-59	141.00

TOSHIBA	CS-VOIP15 UPG	Release 4.0 115 IP Trunk License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Trunk IP license to Release 4.0.	725-55 725-59	2,106.00
----------------	----------------------	---	------------------	----------

TOSHIBA	CS-VOIP4 UPG	Release 4.0 4 IP Trunk License Upgrade. Required to upgrade a Strata CS Release 3.x 24 Trunk IP license to Release 4.0.	725-55 725-59	564.00
----------------	---------------------	---	------------------	--------

Release 4.0 Demo Upgrade Kit

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-DEMO UPG	Release 4.0 Upgrade Kit for Strata CS Portable Demo Server. Required to upgrade a Strata CS Portable Demo Server from Release 3.5 to 4.0. Includes CS-R4.0. Application Software, CS-R4.0 Documentation Library, CS-DKTU card, CS-DKTU PS, CS-Adapter, CS-PEB 8, and CS-MSI Cable. This can only be ordered through FYI.	725-55 725-59	1,344.00

Toshiba Voice Processing Hardware

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-DKTU	16-port 2000-series Digital Station Card Installs in 1 PCI server slot. Supports Toshiba 2000-series digital telephones. Includes DKTU power supply and power cable. Requires station termination cable CS-MSI CABLE. Maximum 11 DKTU cards per CS-server 15PCI system.	725-55 725-59	1,504.00

Intel/Dialogic Voice Processing Hardware-Combo ISA/PCI Kit

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-8X16 BCP-P	8-trunk, 16-station analog Kit. Includes CS-D/160SC-8LS ISA trunk card, CS-MSI/ 160PCI analog station card, BCP panel, cables and power module.	725-55 725-59	3,285.00

Intel/Dialogic Voice Processing Hardware-ISA Kits

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-4X8 BCP KIT	4-trunk, 8-analog station kit. Includes CS-D/80-4LS trunk card, CS-MSI/80SC-GL analog station card, BCP panel, cables and power module.	725-55 725-59	1,969.00
TOSHIBA	CS-8X16 BCP KIT	8-trunk, 16-analog station kit. Includes CS-D/160SC-8LS trunk card, CS-MSI-160SC- GL analog station card, BCP panel, cables and power module.	725-55 725-59	3,285.00

TOSHIBA	CS-8X24 BCP KIT	8-trunk, 24-analog station kit. Includes CS-D/16SC-8LS trunk card, CS-MSI/240SC-GL analog station card, BCP panel, cables and power module.	725-55 725-59	4,042.00
TOSHIBA	CS-T1X24 KIT	T1 trunk, 24-analog station kit. Includes CS-D/240SC-T1 trunk card, CS-MSI/240SC-GL analog station card, and power module.	725-55 725-59	2,820.00
TOSHIBA	CS-T1X48 KIT	T1 trunk, 48- analog station kit. Includes CS-D/240-T1 trunk card, CS-MSI/240SC-GL analog station card, and power module.	725-55 725-59	5,715.00

Intel/Dialogic Voice Processing Hardware-ISA Cards

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-BRI/160SC	16 BRI interface trunk ISA card. Installs in 1 ISA server slot.	725-55 725-59	3,403.00
TOSHIBA	CS-BRI/80SC	8 BRI interface trunk ISA card. Installs in 1 ISA server slot.	725-55 725-59	2,811.00
TOSHIBA	CS-D/160SC	16-port resource ISA card. Installs in 1 ISA server slot.	725-55 725-59	1,974.00
TOSHIBA	CS-D/160SC-8LS	8-port loop start analog trunk ISA card. Installs in 1 ISA server slot.	725-55 725-59	1,833.00
TOSHIBA	CS-D/240SC-T1	24-port digital trunk ISA card. Installs in 1 ISA server slot.	725-55 725-59	3,572.00
TOSHIBA	CS-D/320SC	32-port voice resource ISA card. Installs in 1 ISA server slot.	725-55 725-59	3,243.00
TOSHIBA	CS-D/640SC	64-port voice resource ISA card. Installs in 1 ISA server slot.	725-55 725-59	5,640.00
TOSHIBA	CS-D/80SC	8-port voice resource ISA card. Installs in 1 ISA server slot.	725-55 725-59	1,105.00
TOSHIBA	CS-D/80SC-4LS	4-port loop start analog trunk ISA card. Installs in 1 ISA server slot.	725-55 725-59	1,203.00
TOSHIBA	CS-MSI/160SC-GL	16-port ISA station interface card. Installs in 1 ISA server slot. Requires CS-MSI POWER power supply. See Power Supply Components section.	725-55 725-59	2,397.00
TOSHIBA	CS-MSI/240SC-GL	24-port ISA station interface card. Installs in 1 ISA server slot. Requires CS-MSI POWER power supply. See Power Supply Components section.	725-55 725-59	2,961.00

TOSHIBA	CS-MSI/80SC-GL	8-port ISA station interface card. Installs in 1 ISA server slot. Requires CS-MSI POWER power supply. See Power Supply Components section.	725-55 725-59	1,645.00
TOSHIAB	CS-SI/80SC-GBL	8 analog port ISA daughter card. Added to CS-MSI-80SC-GL or CS-MSI/160SC-GL to provide 8 additional analog station ports.	725-55 725-59	667.00

Intel/Dialogic Voice Processing Hardware-PCI Kits

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-T1X32 BCP-P	T1 trunk, 32 analog station Kit. Includes CS-D/240PCI-T1 trunk card, (2) CS-MSI/160PCI analog station cards, and power modules.	725-55 725-59	3,901.00
TOSHIBA	CS-T1X48 BCP-P	T1 trunk, 48 analog station Kit. Includes CS-D/240PCI-T1 trunk card, (3) CS-MSI/160PCI analog station cards, and power modules.	725-55 725-59	5,715.00

Intel/Dialogic Voice Processing Hardware-PCI Cards

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-BRI/160PCI	16 BRI interface trunk PCI card. Installs in 1 PCI server slot.	725-55 725-59	6,035.00
TOSHIBA	CS-BRI/80PCI	8 BRI interface trunk PCI card. Installs in 1 PCI server slot.	725-55 725-59	5,067.00
TOSHIBA	CS-D/240PCI-T1	24-port T1 trunk PCI card. Installs in 1 PCI server slot.	725-55 725-59	3,572.00
TOSHIBA	CS-D/300PCI-E1	30-port E1 trunk PCI card. Installs in 1 PCI server slot.	725-55 725-59	5,123.00
TOSHIBA	CS-D/320PCI	32-port voice resource PCI card. Installs in 1 PCI server slot.	725-55 725-59	3,243.00
TOSHIAB	CS-D/41EPCI	4-port analog LS Trunk PCI Card. Installs in 1 PCI server slot.	725-55 725-59	978.00
TOSHIBA	CS-D/80PCI	8-port voice resource PCI card. Installs in 1 PCI server slot.	725-55 725-59	1,105.00
TOSHIBA	CS-DM/IP040-LSI	4-port IP PCI card. Installs in 1 PCI server slot.	725-55 725-59	1,340.00
TOSHIBA	CS-DM/IP0821ATI	8-port IP PCI card with NIC. Installs in 1 PCI server slot.	725-55 725-59	6,566.00
TOSHIBA	CS-DM/IP2431ATI	24-port IP PCI card with NIC. Installs in 2 PCI server slot.	725-55 725-59	11,017.00

TOSHIBA	CS-MSI/160PCI	16-port PCI station interface card. Installs in 1 PCI server slot. Requires CS-MSI POWER power supply. See Power Supply Components section.	725-55 725-59	2,397.00
TOSHIBA	CS-MSI/80PCI	8-port PCI station interface card. Installs in 1 PCI server slot. Requires CS-MSI POWER power supply. See Power Supply Components section.	725-55 725-59	1,645.00
TOSHIBA	CS-SI/80PCI	8 analog port daughter PCI card. Added to CS-MSI-80PCI to provide 8 additional analog station ports.	725-55 725-59	667.00

Power Supply Components

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-300W PS	300w ATX single power supply. Used for replacements or spares with CS-SERVER 3, CS-SERVER 9, CS-SERVER 816,CS-SERVER A, and CS-SERVER A-T1.	725-55 725-59	150.00
TOSHIBA	CS-300W PS RDN	300w ATX redundant load sharing power supply. Used for replacements or spares with CS-SERVER 3, CS-SERVER 9, CS-SERVER A, and CS-SERVER A-T1.	725-55 725-59	517.00
TOSHIBA	CS-400W CUSTOM	400w ATX single power supply. Used for replacements or spares of (non-redundant) power supplies with CS-SERVER 14/4 and CS-SERVER 15PCI.	725-55 725-59	348.00
TOSHIBA	CS-400W PS	400w ATX single power supply. Used for replacements or spares with CS-SERVER B and CS-SERVER B-T1.	725-55 725-59	696.00
TOSHIBA	CS-MSI	MSI station card power supply. 1 required for each MSI card.	725-55 725-59	338.00

Station Equipment

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	Note 1	2000-series Digital Telephones. See the Station Equipment section for 2000-series digital telephones used with Strata CS. Maximum 176 digital telephones per CS-Server 15PCI system.		
TOSHIBA	CS-C2210	Strata CS Analog Telephone set. Reserved for use with Strata CS. See the Strata CS General Description and the Strata CS-C2210	725-55 725-59	70.00

Analog Telephone User Guide for more information.

Station Equipment

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-IDE RAID	Dual HDD mirroring option. Includes 1 Promise Fastrak PCI IDE RAID Controller, 1 AC-M41K removable hard disk kits, 2 Quantum 15GB IDE UDMA.	725-55 725-59	1,247.00
TOSHIBA	CS-RAID 1 KIT	18GB RAID 1 Subsystem. Includes 2 18GB IBM, 18GB SCSI 3, configured RAID 1 with Kingston hot swappable drive trays; Mylex DACPGM dual channel PCI to Ultra Wide SCSI RAID controller with 8MB cache, 32-bit RISC Intel i960r processor. Requires in 1 PCI server slot.	725-55 725-59	4,351.00
TOSHIBA	CS-RAID 5 KIT-E	External RAID 5 36GB add on to CS-Servers. Mylex DACPGM dual channel PCI to Ultra Wide SCSI RAID controller with 8MB cache (expandable to 128MB), 32-bit RISC Intel i960r processor. 36 Gbwith Kingston hot swappable drive trays (3-18GB IBM) & 1 hot spare 18GB hard disk. Requires 1 PCI server slot.	725-55 725-59	8,933.00

Station Equipment

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-BACKPLANE A	Backplane for CS-SERVER 9, CS- SERVER A, and CS-SERVER A-T1.As desired for replace-ments or spares.	725-55 725-59	376.00
TOSHIBA	CS-BACKPLANE B	Backplane for CS-SERVER B, and CS-SERVER B-T1. As desired for replacements or spares.	725-55 725-59	179.00
TOSHIBA	CS-BACKPLANE816	Backplane for CS-SERVER 3, and CS-SERVER 816. As desired for replacements or spares.	725-55 725-59	160.00
TOSHIBA	CS-CPU SERVER A	Pentium CPU for CS-SERVER 9, CS- SERVER A, and CS-SERVER A-T1.As desired for replace-ments or spares.	725-55 725-59	385.00
TOSHIBA	CS-CPU SERVER B	Pentium CPU for CS-SERVER B, and CS-SERVER B-T1. As desired for replacements or spares.	725-55 725-59	517.00
TOSHIBA	CS-IDE HDD	IDE Hard Disk Drive with mounting tray. Includes Windows operating system. Used with all Strata CS Server models. As desired for replace-ments or spares.	725-55 725-59	456.00

TOSHIBA	CS-SBC	Single Bus Control Card PICMG SBC 6011 440BX, with 10/100Mbps NIC, VGA monitor port, Mouse port. Used with CS-SERVER 9, CS-SERVER A, CS-SERVER B, CS-SERVER S-T1, CS-SERVER B-T1, CS SERVER 14/4, and CS-SERVER 15 PCI. As desired for replacements or spares.	725-55 725-59	1,166.00
TOSHIAB	CS-SBC W/CPU816	Single Bus Control Card with AMD K62 500 CPU, 10/100Mbps NIC, VGA monitor port, Mouse port. Used with CS-SERVER 3 and CS-SERVER 816 only. As desired for replacements or spares.	725-55 725-59	818.00

Optional Server Components-Memory Expansion

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-128M DIMM	128MB memory expansion module (16x72 Kingston KVR100X72RC2/128 128MB ECC DIM or equivalent) as desired for memory expansion, replacements, or spares. Pricing subject to change without notice due to volatility in the memory market.	725-55 725-59	105.00
TOSHIBA	CS-256M DIMM	256MB memory expansion module (32x72 Kingston KVR100X72RC2/256 256MB ECC DIM or equivalent) as desired for memory expansion, replacements, or spares. Pricing subject to change without notice due to volatility in the memory market.	725-55 725-59	175.00
TOSHIBA	CS-512M DIMM	512MB memory expansion module (64x72 Kingston KVR100X72RC2/512 512 MB ECC DIM or equivalent) As desired for memory expansion, replacements, or spares. Pricing subject to change without notice due to volatility in the memory market.	725-55 725-59	168.00

Optional Server Components-Miscellaneous

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-ADAPTER	CTbus to SCbus adapter. Required when using ISA and PCI Cards in the same server.	725-55 725-59	52.00
TOSHIAB	CS-BCP-PANEL	RJ11 connector panel. Terminates up to 8 loop start analog trunk and 24 analog station ports. Supports up to 4 power failure transfer stations.	725-55 725-59	531.00
TOSHBA	CS-BREAKOUT BOX	BRI interface termination panel.	725-55 725-59	268.00
TOSHIBA	CS-CTBUS 12CONN	12 Connector CTBus Ribbon Cable. Bus cable for Dialogic PCI Cards.	725-55 725-59	226.00

TOSHIAB	CS-CTBUS 16CONN	16 Connector CTBus Ribbon Cable. Bus cable for Dialogic PCI Cards.	725-55 725-59	291.00
TOSHIBA	CS-CTBUS 4CONN	4 Connector CTBus Ribbon Cable. Bus cable for Dialogic PCI Cards.	725-55 725-59	94.00
TOSHIAB	CS-CTBUS 8CONN	8 Connector CTBus Ribbon Cable. Bus cable for Dialogic PCI Cards.	725-55 725-59	179.00
TOSHIBA	P TRNK	37-pin LSI trunk cable. Connects loop start trunk card to BCP panel (ISA).	725-55 725-59	273.00
TOSHIBA	CS-MSI CABLE	ISA MSI interface to BCP PANEL cable. Terminates ISA station cards to BCP Panel or 66 block. Also required to terminate CS- DKTU digital station card.	725-55 725-59	141.00
TOSHIBA	CS-PCI CAB KIT	PCI interface MSI and CS-D/120JCT-RMV Cable Kit. Includes CS-PCI/BCP CABL and CS- PCI/BCP TRK cables in a single kit.	725-55 725-59	169.00
TOSHIAB	CS-PCI/BCP CABL	PCI MSI interface to BCP PANEL cable. Terminated PCI station cards to BCP or 66 block.	725-55 725-59	85.00
TOSHIBA	CS-PCI/BCP TRK	CS-D/120JCT-RMV to BCP PANEL cable.	725-55 725-59	85.00
TOSHIBA	CS-PEB-12	12 Connector SCBus Ribbon Cable. Bus cable for Dialogic ISA Cards.	725-55 725-59	56.00
TOSHIBA	CS-PEB-16	16 Connector SCBus Ribbon Cable. Bus cable for Dialogic ISA Cards.	725-55 725-59	56.00
TOSHIBA	CS-PEB-4	4 Connector SCBus Ribbon Cable. Bus cable for Dialogic ISA Cards.	725-55 725-59	56.00
TOSHIBA	CS-PEB-8	8 Connector SCBus Ribbon Cable. Bus cable for Dialogic ISA Cards.	725-55 725-59	56.00
TOSHIBA	CS-SCSI-3 CABLE	BRI interface cable.1 required with each BRI card.	725-55 725-59	169.00
TOSHIBA	CS-TAPE CLEAN	Seagate tape cleaning kit for TR4 drives.	725-55 725-59	94.00
TOSHIBA	CS-TR4	4/8GB Atapi tape drive with kit. Used for system back up of server.	725-55 725-59	271.00
TOSHIBA	CS-TR4 TAPE	Extra tape cartridge for TR4.	725-55 725-59	113.00
TOSHIBA	CS-TR5	10/20GB Atapi tape drive with kit. Used for system backup of server.	725-55 725-59	365.00
TOSHIBA	CS-TR5 TAPE	Extra tape cartridge for TR5.	725-55	122.00

Documentation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	SCS-AG-ADMR4-VC	Strata CS R4.0 Administrator Manual. Provides an overview of the Strata CS telephone system and available features.	725-55 725-59	35.00
TOSHIBA	SCS-AG-CC-R4-VA	Strata CS R4.0 Call Center Administrator Guide. Provides an overview of the Strata CS telephone system and available features.	725-55 725-59	21.00
TOSHIBA	SCS-CD-LIBRY-VC	Strata CS R4.0 Documentation CD-ROM. Includes, General Description, I & M Manual, Administrators Manual, Client User Guide, Quick Reference Guide, Sales Bulletin, Technical Bulletin, Competitive Notes, and Custom Document Generator.	725-55 725-59	9.00
TOSHIBA	SCS-MA-IM/R4-VC	Strata CS R4.0 Installation & Maintenance Manual. Describes the Strata CS components, and explains how to plan for and install all Strata CS components.	725-55 725-59	26.00
TOSHIBA	SCS-PG-SDKAP-VA	Strata CS R4.0 SDK & API Programming Guide. Describes the Strata CS software Developer's Kit and Application Programming Interface.	725-55 725-59	26.00
TOSHIBA	SCS-UG-CLIR4-VB	Strata CS R4.0 Client User Guide. Contains a step-by-step instructions on how to use the Strata CS Telephone Commands, Client, and web Client features.	725-55 725-59	24.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-CS-BRI	Installation/programming of ISDN Basic Rate Interface. Standard Installation procedures as described in the I & M Manual.	725-55 725-59	600.00
TOSHIBA	IN-CS-CALL MGR	Inst/prog of Call Center Reporter application on customer's PC. Standard installation procedures as described in the I & M Manual. Installation of Windows 2000, NT, 98, or 95 on customer supplied PC and installation of the customer supplied LAN is customer's responsibility.	725-55 725-59	300.00
TOSHIBA	IN-CSCALLCTRUPG	Install/prog/training of Call Center Queues Application Standard Installation procedures as described in the I & M Manual.	725-55 725-59	300.00

TOSHIBA	IN-CS-CLIENT	Install/prog/training of Strata CS Client application on Customer's PC. Standard Installation procedures as described in the I & M Manual. Installation of Windows 2000, NT, 98, or 95 on customer supplied PC and installation of the customer supplied LAN is customer's responsibility.	725-55 725-59	150.00
TOSHIBA	IN-CS-DUAL T1	Installation/programming of the Dual T1 Interface. Standard installation procedures as described in the I & M Manual.	725-55 725-59	900.00
TOSHIBA	IN-CS-E1	Installation/programming of the E1 Interface. Standard installation procedures as described in the I & M Manual.	725-55 725-59	600.00
TOSHIBA	IN-CS-PRI	Installation/programming of ISDN Primary Rate Interface. Standard installation procedures as described in the I & M Manual.	725-55 725-59	750.00
TOSHIBA	IN-CS-RAID1-KIT	Installation of the 18GB RAID 1 Subsystem. Standard installation procedures as described in the I & M Manual.	725-55 725-59	300.00
TOSHIBA	IN-CS-RAID-IDE	Installation of the 36GB RAID 5 Subsystem. Standard installation procedures as described in the I & M Manual.	725-55 725-59	600.00
TOSHIBA	IN-CSServr14/4	Installation/Programming of Strata CS Server 14/4. New system or addition upgrade. Includes hardware and software installation of 14-slot base system with analog trunks. T1, E1, or ISDN trunks incur additional charge. Standard installation procedures as described in the I & M Manual.	725-55 725-59	1,200.00
TOSHIBA	IN-CSServr15PCI	Installation/Programming of Strata CS Server 15PCI. New system or addition upgrade. Includes hardware and software installation of 14-slot base system with analog trunks. T1, E1, or ISDN trunks incur additional charge. Standard installation procedures as described in the I & M Manual.	725-55 725-59	1,200.00
TOSHIBA	IN-CSServr3	Installation/Programming of Strata CS Server 3. New system or addition upgrade. Includes hardware and software installation of 14-slot base system with analog trunks. T1, E1, or ISDN trunks incur additional charge. Standard installation procedures as described in the I & M Manual.	725-55 725-59	700.00
TOSHIBA	IN-CSServr9	Installation/Programming of Strata CS Server 9. New system or addition upgrade. Includes hardware and software installation of 14-slot base system with analog trunks. T1, E1, or ISDN trunks incur additional charge. Standard installation	725-55 725-59	1,200.00

procedures as described in the I & M Manual.

TOSHIBA	IN-CS-STAEEXIST	Installation and Programming of Existing Station (cable in place).Standard is described as average 150ft cable runs, non fire-related cable and Non insulated vertical walls.	725-55 725-59	67.50
TOSHIBA	IN-CS-STANEW	Installation and programming of a new Station & Jack. Standard is described as average 150ft. cable runs, non fire-rated cable, and non Insulated vertical walls.	725-55 725-59	115.00
TOSHIBA	IN-CS-T1	Installation/programming of T1 interface. Standard installation procedures as described in the I & M Manual.	725-55 725-59	600.00
TOSHIBA	IN-CS-TapeDrive	Installation of all models the Seagate Atapi tape drive with kit. Standard installation procedures as described in the I & M Manual.	725-55 725-59	35.00
TOSHIBA	IN-CS-TEFLONCAB	Installation of DKTs (Low smoke or Teflon Cable required). Standard Installation procedures as Described in the Strata DK I & M Manual. This is in addition to the standard cable run installation.	725-55 725-59	25.00
TOSHIBA	IN-CS-VoIP	Installation/programming of Strata CS VoIP application in the server. Required for each VoIP connection. Standard installation procedures as described in the I & M Manual.	725-55 725-59	150.00

Notes

Manufacturer	Part Number	Description	Class-item	Price
1	NOTE	Customer will at their sole cost and expense provide necessary UPS equipment as specified in the Strata CS General Description fir use with the Strata CS system at all times. See the ONEAC Power Protection Equipment section for recommended UPS equipment.		
2	NOTE	System failures and/or damages resulting from either not using a specified UPS, or the use of a UPS not equivalent to that specified by Toshiba, are not covered by this warranty.		

Voice and Data Convergence

Packaged IVR Solutions

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-BUS INFO APP	4-port licensing for Business Information Assistant. Business Information Assistant Software, 128MB RAM, Base IVR License and 4 CS licenses. Includes Prompt Recorder for customer designed applications, bulletin board, surveys, electronic Yellow pages and a self contained database.	725-55 725-59	7,990.00
TOSHIBA	CS-LOCATOR APP	4-port licensing for Dealer/Store locator Assistant. Dealer/Store Locator Assistant software, 128MB RAM, Base IVR License and 4 CS licenses. Includes Prompt recorder for user recording of location, Zip code locator, user-defined search radius and ASCII flat file import of existing database.	725-55 725-59	10,810.00
TOSHIBA	CS-MED ASST APP	4-port licensing for Medical Assistant application. Medical Assistant software, 128MB RAM, Base IVR License and 4 CS licenses. Includes Call Routing auto attendant, appointment scheduling, appointment reminder, test results (inbound only), ASCII file import of existing databases.	725-55 725-59	11,421.00
TOSHIBA	CS-PHARM APP	4-port licensing for Pharmacy Assistant. Pharmacy Assistant software, 128MB RAM, Base IVR License and 4 CS licenses. Includes Call Routing auto attendant, prescription refill, order confirmation, call logging and ASCII file import of existing databases.	725-55 725-59	10,810.00
TOSHIBA	CS-REA APP	4-port licensing for Real Estate Assistant. Real Estate Assistant software, 128MB RAM, Base IVR License and 4 CS licenses. Includes Call Routing, Prompt Recorder for audiotex development, home listing information and Automatic Number Identification (ANI) collection.	725-55 725-59	7,990.00

IVR Solutions-Options

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	CS-IVR-PORT-LIC	Additional per port IVR/CS License. Additional IVR/CS line licensing. Additional trunk cards may be required.	725-55 725-59	226.00
TOSHIBA	CS-TOSH-IVR-INST	Installation by Toshiba and/or VAD. Optional Toshiba installation. No discount/commission to dealer.	725-55 725-59	1,500.00

Custom IVR

ONEAC Power Protection Equipment

ONEAC Transient and Lightning Line Protectors

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	1-AP	ONEAC Model 1-AP Analog Line Protector Porta Base. Use for PCOU, RCOU/RCOS,RGLU, and RCIU/RCIS as required for lightning protection.	725-55 725-59	15.00
TOSHIBA	1-DP	ONEAC Model 1-DP Analog Line Protector Porta Base. Use for RDDU, REMU, PDKU,RDSU, PEKU, PESU, DSTI, RATU, RDTU, and RPTU as required for lightning protection.	725-55 725-59	15.00
TOSHIBA	350-32	ONEAC Grounding Strap for 66 Block. One needed with each 66 Block when Equipped with 6-AP195,6-AP, or 6-DP line protectors.	725-55 725-59	8.00
TOSHIBA	5S-AP	ONEAC Model 5S-AP Analog Line Protector 5-pin Base. Use for RSTU, PSTU, RDSU, RSTS, BSTI, PCOU, RCOU/RCOS, RGLU, RCIU/RCIS as required for lightning protection.	725-55 725-59	14.00
TOSHIBA	5S-DP	ONEAC Model 5S-DP Digital Line Protector 5-pin Base. Use for RDDU, REMU, PDKU, RDSU, PEKU, PESU, DSTI, RATU, RDTU, RPTU as required for lightning protection.	725-55 725-59	14.00
TOSHIBA	6-AP	ONEAC Model 6-AP Analog Line Protector 66 Block. Use for PCOU, RCOU/RCOS, RGLU, RCIU/RCIS as required for lightning protection.	725-55 725-59	15.00
TOSHIBA	6-AP195	ONEAC Model 6-AP-195 Analog Line Protector 66 Block. Use for RSTU, PSTU, RDSU, RSTS,	725-55 725-59	15.00

BSTI as required for lightning protection.

TOSHIBA	6-DP	ONEAC Model 6-DP Digital Line Protector 66 Block. Use for RDDU, REMU, PDKU, RDSU, PEKU, PESU, DSTI, RATU, RDTU, RPTU as required for lightning protection.	725-55 725-59	15.00
TOSHIBA	RJ-AP11	ONEAC Analog Line Protector (1 pr, 2 wire) modular & ground wire. Use for analog single line fax machines, modems, and telephones RJ11 connected (in/out) as required for lightning protection.	725-55 725-59	25.00
TOSHIBA	RJ-AP14	ONEAC Analog Line Protector (2 pr, 4 wire) modular & ground wire. Use for analog 2- line fax machines, modems, and telephones RJ11 connected (in/out) as required for lightning protection.	725-55 725-59	34.00
TOSHIBA	RJ-DP11	ONEAC RJ11 Digital Line Protector 2pr,4 wire) modular & ground wire. Use for analog 2- line fax machines, modems, and telephones RJ11 connected (in/out) as required for lightning protection.	725-55 725-59	34.00
TOSHIBA	RJ-DP14	ONEAC RJ14 Digital Line Protector 2pr,4 wire) modular & ground wire. Use for ISDN (2 pair) and digital 2-line, modems, and telephones RJ14 connected (in/out) as required for lightning protection.	725-55 725-59	34.00
TOSHIBA	RJ-DP45	ONEAC RJ45 Digital Line Protector 4pr,8 wire) modular & ground wire. Use for ISDN BRI (4 pair), digital 4 line modems, and telephones RJ61 connected (in/out) as required for lightning protection.	725-55 725-59	52.00
TOSHIBA	RJ-DP48C	ONEAC RJ48C Digital Line Protector 2pr,4 wire) modular & ground wire. Use for T1, T2 and ISDN PRI (2 pair) telephones RJ48 connected (in/out) as required for lightning protection.	725-55 725-59	43.00
TOSHIBA	RJ-DSP10E	ONEAC Data Line Protector 2pr,4 wire) modular & ground wire. Use for 10BaseT Ethernet as required for lightning protection.	725-55 725-59	34.00

ONEAC Power Conditioners

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	011-000G	ONEAC Model CP1115, 1440 VA Power Conditioner. Includes Ground Bar. Use for Strata DK280 or DK424 (6 cabinets), or Strata DK280 or DK424 (6 cabinets) with Stratagy, or Stratagy D424 (7 cabinets), or Strata DK424 (7 cabinets) with Stratagy as required for power conditioning.	725-55 725-59	741.00
TOSHIBA	011-058G	ONEAC Model CB1120, 1920 VA Power Conditioner. Includes Ground Bar. Use for Strata DK424i with 3 to 5	725-55 725-59	933.00

cabinets as required for power conditioning.

TOSHIBA	350-55	ONEAC Ground Bar Strip used with UPS/Power Conditioner. For replacement, spares, or use as required with power conditioners that do not come with a ground bar.	725-55 725-59	10.00
TOSHIBA	PC075AT-S1SW	ONEAC Model PC075AT, 75 VA Power Conditioner. Includes ground bar. Use for Strata DK8 and DK14 as as required for power conditioning.	725-55 725-59	93.00
TOSHIBA	PC1000A-S4SW	ONEAC Model PC1000A, 1000 VA Power Conditioner. Includes ground bar. Use for Strata DK280 or DK424 (5 cabinets), or Strata DK280 or DK424 (5 cabinets) with Strategy as required for power conditioning.	725-55 725-59	566.00
TOSHIBA	PC120AT-S1SW	ONEAC Model PC120AT, 120 VA Power Conditioner. Includes ground bar. Use for Strata DK14, DK16, DK16e, DK40 and DK40i as required for power conditioning.	725-55 725-59	127.00
TOSHIBA	PC240AT-S2SW	ONEAC Model PC240AT, 240 VA Power Conditioner. Includes ground bar. Use for Strata DK8, DK14, DK16, DK16e, DK40, DK40i with Strategy, or DK280 DK424, DK424i(1 cabinet). Use for Strategy Voice Mail 4/4 Lite, 6/6 Lite, 16/24 as required for power conditioning.	725-55 725-59	197.00
TOSHIBA	PC360AT-S4SW	ONEAC Model PC360AT, 385 VA Power Conditioner. Includes ground bar. Use for Strata DK280, DK424, DK424i (1 cabinet), with Strategy, or Strata DK280, DK424, DK424i (2 cabinets) as required for power conditioning.	725-55 725-59	270.00
TOSHIBA	PC550AT-S4SW	ONEAC Model PC550AT, 550 VA Power Conditioner. Includes ground bar. Use for Strata DK280, DK424, DK424i (2 cabinets) with Strategy, or Strata DK280, DK424 (3 cabinets) as required for power conditioning.	725-55 725-59	339.00
TOSHIBA	PC750A-S4SW	ONEAC Model PC750A, 750 VA Power Conditioner. Includes ground bar. Use for Strata DK280 or DK424 (3 cabinets), with Strategy, or Strata DK280 or DK424 (4 cabinets), or Strata DK280, or DK424 (4 cabinets) with Strategy as required for power conditioning.	725-55 725-59	450.00

ONEAC UPS with Power Conditioner with Ground Bar Included

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	ON2000XA-GNK	ONEAC ON2000, 2000VA ExtRun, Stand Alone UPS Pwr Cond., Gnd Bar, Comm Includes built-in Communication Interface. Use for power conditioning and UPS power backup for Strategy ES, Strategy IVR, HMIS, and Strata CS systems. Allow 7-10 days for delivery.	725-55 725-59	2,143.00
TOSHIBA	ON400A-GN	ONEAC ON400,400VA,1/2 Hour UPS, Power Cond., Ground Bar, Comm Intf. Includes built in Communication	725-55 725-59	629.00

Interface. Use for power conditioning and UPS power backup for Strategy ES, Strategy IVR, HMIS, and Strata CS systems.

TOSHIBA	ON400A-SN	ONEAC 400 VAC UPS with Serial Port Interface. Toshiba Approved UPS required on all Strategy ES systems. See Strategy ES General Description for warranty details.	725-55 725-59	606.00
TOSHIBA	ON400XA-WL-GNK	ONEAC ON400, 400VA ExtRun, Wall Mount UPS, Pwr. Cond., Gnd. Bar, Comm. Includes built-in Communication Interface. Use for power conditioning and UPS power backup for Strategy ES, Strategy IVR, HMIS, and Strata CS systems. Allow 7-10 days for delivery.	725-55 725-59	946.00
TOSHIBA	ON600XA-GNK	ONEAC ON600, 600VA ExtRun, Stand Alone UPS, Pwr. Cond., Gnd. Bar, Comm. Includes built-in Communication Interface. Use for power conditioning And UPS power backup for Strategy ES, Strategy IVR, HMIS, and Strata CS systems. Allow 7-10 days for delivery.	725-55 725-59	1,207.00
TOSHIBA	ON600XA-WL-GNK	ONEAC ON600, 600VA ExtRun, Wall Mount UPS, Pwr. Cond., Gnd. Bar, Comm. Includes built-in Communication Interface. Use for power conditioning and UPS power backup for Strategy ES, Strategy IVR, HMIS, and Strata CS systems. Allow 7-10 days for delivery.	725-55 725-59	1,043.00
TOSHIBA	ON900XA-WL-GNK	ONEAC ON900, 900VA ExtRun, Stand Alone UPS, Pwr. Cond., Gnd. Bar, Comm. Includes built-in Communication Interface. Use for power conditioning and UPS power backup for Strategy ES, Strategy IVR, HMIS, and Strata CS systems. Allow 7-10 days for delivery.	725-55 725-59	1,726.00
TOSHIBA	ONXBC-417	Battery Pack for ONEAC Stand alone UPS. Includes Ground Bar. Use for additional UPS power backup time ON600, ON900, and ON2000 ExtRun Stand alone UPS models, Allow 7-10 days for delivery.	725-55 725-59	560.00
TOSHIBA	ONXBC-WL-217	Battery Pack for ONEAC Wall Mount UPS. Includes Ground Bar. Use for additional UPS power backup time ON400, ON600, ExtRun Wall Mount UPS models, Allow 7-10 days for delivery.	725-55 725-59	343.00

ONEAC Miscellaneous Equipment

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	04-305	ONEAC ONEGRAPH Power Quality Monitor. Measures time, amplitude, and duration of AC disturbances and transient activity for 120V circuits; bar graph printout.	725-55 725-59	2,029.00
TOSHIBA	431-167	ONEAC ONEGRAPH Hard Shipping Case. Hard shell	725-55	126.00

case for the ONEGRAPH Power Monitor.

TOSHIBA	IF-BASIC	Basic Interface Card (ONEAC ON400XRA-GO only.) Use with Shutdown/communication Software for UPS communications on ON400XRA-GO (all other models have built-in communication interface.)	725-55 725-59	63.00
TOSHIBA	SK-WINNTMOP	Shutdown/communication software for ON-series UPS (Windows 95/98/NT).Use for unattended server shutdown, pager alert, UPS status and event log for Stratagy and HMIS.	725-55 725-59	97.00

Installation

Manufacturer	Part Number	Description	Class-item	Price
TOSHIBA	IN-ON-LINEPRO	Install ONEAC Transient/Lightning Line Protectors (all models).Standard installation procedures as Described in the Strata DK I & M Manual. No additional installation charge for the grounding strap.	725-55 725-59	1.50
TOSHIBA	IN-ON-PWRCOND	Install ONEAC Power Conditioners & UPS/Power Cond.(all models). Standard installation procedures as Described in the Strata DK I & M Manual. No additional installation charge for the grounding strap.	725-55 725-59	35.00

Digital Video Recording/ Real-Time Monitoring

Manufacturer	Part Number	Description	Class-item	Price	Installation
Mitel/March Networks	50001799	4204 Digital Video Recorder(Token Ring Interface)-Release 16 Camera Input. One 60 Gig Stationary Hard Drive. Token Ring Network Capability, 3 additional Hard Drive Slots.	725-54	\$5,191.50	\$525.00
